

Introducing
552LL

Did you know that a Long Life version is available for the standard 552 Flasher? The **552LL** is a heavy duty, long life flasher now available in blister card and offers several advantages over the standard duty, thermal type 552.

— **552LL FEATURES & BENEFITS** —

- ➔ 552LL is an electromechanical version of 552 (thermal)
- ➔ Runs cooler and lasts longer
- ➔ Lasts up to 5-Times the typical service life of the 552 flasher
- ➔ Reduces the maintenance and installation time required for frequent users
- ➔ Direct replacement for Flasher #536 or #552
- ➔ For Turn Signal or Hazard Warning
- ➔ For Heavy Duty Car/Truck Trailing Applications
- ➔ Variable Load
- ➔ Conforms to Applicable Federal Safety Standards
