

Tru-Flow™ Water Pumps

Water Pumps with Back Housings

You Can Trust NAPA

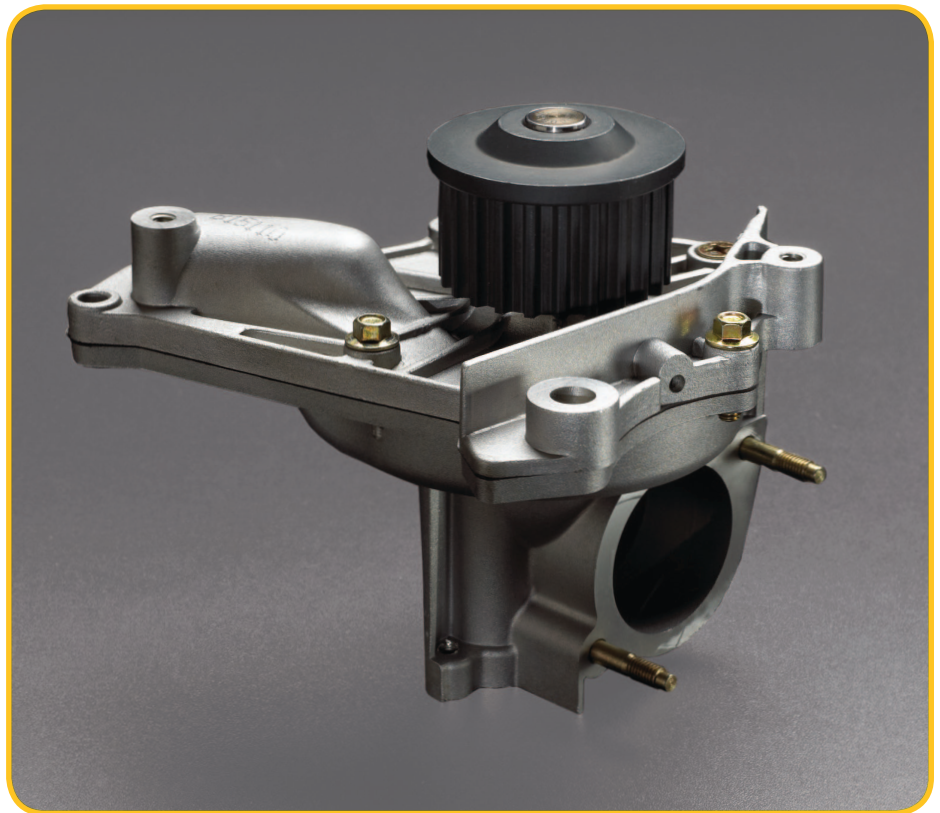

NAPA Tru-Flow Water Pumps has over 800 SKUs covering over 250 million vehicles in the U.S. and Canada. With years of innovation and experience built in, NAPA products are trusted by professional technicians and represent the highest level of quality, durability, fit, form and function available today. Feel confident every time you install NAPA Tru-Flow Water Pumps.

- *New pumps manufactured to ISO TS16949 standards*
- *100% fully tested unitized bearings/seals*
- *Computerized machined surfaces for proper fit/sealing*
- *Precisely balanced impeller for OE Fit/Function*
- *Quality packaging ensures intact delivery of all components*
- *100% inline quality tested*

We've Got Your Back with Pre-assembled Water Pumps and Housings

NAPA Tru-Flow™ offers more water pumps with back housings than any other aftermarket manufacturer. Inclusion of the back housing allows the technician to replace the entire assembly with one unit—and order one part number for the complete replacement. Water pumps with back housings also reduce installation time and ensure trouble-free operation with reduced warranty claims or comebacks.

**NAPA Tru-Flow has 24 Water Pumps with
back housings covering over 16 million applications.**
