

G-Force® C12™ Belt

Product Features

NAPA Belts/Hoses all-new G-Force® C12™ belt is the industry's first CVT belt with a carbon tensile cord for exceptional strength, flexibility, durability and performance in the most demanding off-road conditions for ATVs, UTVs and Snowmobiles.

- High performance neoprene with a trapezoidal top-notch and rounded bottom cog design maximizing heat control and flexibility.
- Carbon tensile cords are bonded with specially formulated adhesion gum to aramid fiber loaded rubber resulting in increased side-load resistance which prevents belt distortion and edge cord pullout.
- Optimal power transmission resulting in faster acceleration, improved throttle response and consistent shifting performance.
