

85-506

Features

- **FULLY AUTOMATIC CHARGING AND MAINTAINING OF 6V & 12V BATTERIES**
- **6 AMP FAST CHARGE** – charger monitors battery condition and adjusts charge rate, to prevent battery damage
- **3 AMP TRICKLE CHARGE** – for charging small batteries and maintaining large ones
- **CHARGES STANDARD, AGM & GEL BATTERIES**
- **REVERSE HOOK-UP PROTECTION** – charger will not operate if clamps are connected in reverse on battery terminals. LED indicator will flash.
- **CHARGES 3X FASTER THAN COMPETITIVE MODELS**

85-510

Features

- **FULLY AUTOMATIC CHARGING AND MAINTAINING OF 12V BATTERIES**
- **10 AMP FAST CHARGE/6 AMP MEDIUM CHARGE** – charger monitors battery condition and adjusts charge rate, to prevent battery damage
- **2 AMP TRICKLE CHARGE** – for charging small batteries and maintaining large ones
- **CHARGES STANDARD, AGM, GEL & DEEP-CYCLE BATTERIES**
- **FLOAT-MODE MONITORING** – helps maintain battery at optimum charge level
- **REVERSE-HOOKUP PROTECTION**
- **SHORT CIRCUIT PROTECTION** – for safe charging
- **50 AMP CLAMPS** – for top- and side-mounted battery posts
- **6-FT. POWER AND OUTPUT CORDS** – combine for a 12-ft. reach

85-515

Features

- **FULLY AUTOMATIC CHARGING AND MAINTAINING OF 12V BATTERIES**
- **15 AMP FAST CHARGE/10 AMP MEDIUM CHARGE** – charger monitors battery condition and adjusts charge rate, to prevent battery damage
- **3 AMP TRICKLE CHARGE** – for charging small batteries and maintaining large ones
- **CHARGES STANDARD, AGM & GEL BATTERIES**
- **FLOAT-MODE MONITORING** – helps maintain battery at optimum charge level
- **INTEGRATED VOLTMETER** – measures battery and charging system performance
- **ALL-STEEL CLAMPS** – for top- and side-mounted battery posts
- **EASY-TO-USE PUSH BUTTON CONTROLS**

Usage

Faster, Safer, Smarter Charging from NAPA Battery Chargers
