

Tru-Flow™ Water Pumps

Water Pump

Product Features

NAPA Tru Flow water pumps are recognized in the industry for their durability and superior quality. The quality-forged housing is specially formed to ensure maximum coolant flow while the precision balanced impeller increases water flow and extends seal and bearing life. No-sealant-required gaskets allow for fast, easy installation.

- Pumps manufactured to ISO/TS 16949 standards.
- 100% fully tested - unitized bearings/seals and inline quality.
- Quality packaging ensures intact delivery of all components.
- Always new - never remanufactured.
- Limited lifetime warranty.
