

12-Month Limited Warranty Policy

Robert Bosch LLC (Bosch) warrants its oxygen sensors to be free from defects in material or workmanship in accordance with the following:

This limited warranty shall be for a period of 12 months from the date of initial purchase. Bosch will replace, free of charge, any oxygen sensor which, under normal conditions of use and service, proves to be defective in material or workmanship and which is within the warranty period. This limited warranty, however, does not cover any labor costs incurred in diagnosis of defects, removal or reinstallation of a product, nor does cover any consequential damages or expenses.

This limited warranty is available only to the original purchaser (i.e. not transferable to subsequent owners of the oxygen sensor) as long as he or she owns the vehicle on which the oxygen sensor was originally installed. Specifically excluded from this warranty are failures caused by misuse, negligence, modification, abuse, improper application, installation or operation (e.g., racing applications, non-automotive or non-small engine applications), failures caused by unauthorized service or failures caused by the use of unauthorized parts. Also excluded from this warranty are installations on commercial vehicles, such as buses, taxis, and delivery vehicles. Bosch reserves the right to make changes in design or improvements on its products without creating or assuming any obligation to install or implement the same on its products previously sold.

To obtain performance of this limited warranty, the purchasers should contact the dealer's service outlet or parts store (where the original oxygen sensor was purchased). A dated proof of purchase, repair order, or other written proof that the product is within the warranty period will be required in order to honor your claim.

To the extent permitted by law, this warranty is in lieu of all other express or implied warranties, including implied warranties of merchantability and fitness for a particular purpose. Bosch shall not be liable for any consequential, incidental, special or exemplary damages of any kind. Also, to the extent permitted by law, this warranty sets out your exclusive remedies with respect to Bosch oxygen sensors. No attempt to alter, modify, or amend this warranty shall be effective unless authorized in writing by an officer of Bosch.

Some states do not allow limitations on how long implied warranties last, or the exclusion or limitation of consequential or incidental damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights that vary from state to state.
