

NAPA MARINE DEEP CYCLE **PART NUMBERS 8301 and 8302**

- Engineered to withstand long, deep discharges associated with marine environments
- Quick connect terminals
- Convenient handle makes installation easier
- Threaded and SAE posts ease installation and permit uncluttered wiring harness for electrical connections
- Heavy duty polypropylene case and cover protects the battery components from wave-pounding abuse for longer life

Premium Marine/RV Deep Cycle **DC**

SPECIAL PURPOSE

- Engineered to withstand the rigors of long, deep discharges and long slow recharges.
- Use for heavy-duty auxiliary loads such as: house power, trolling motors, and on-board electronic equipment.
- Great for starting too.

RECYCLE

The advertisement has a teal background with a compass rose graphic. The NAPA logo is centered within the compass rose. The text "Premium Marine/RV Deep Cycle" is in white, and "DC" is in large, bold, orange letters. "SPECIAL PURPOSE" is in orange. The bullet points are in white. At the bottom, there is a small recycling symbol and the word "RECYCLE".
