A Home Depot Company 

R-22 Is Running Out!

Compressor change-outs are the perfect time to convert your system to an R-22 substitute – like Arkema's® 427A refrigerant.

Indoor Air Quality Products

Complete solutions for all phases of indoor air pollution.

PREMIUM INDOOR AIR QUALITY

Achieved using powerful GAR-401H or GAR7-50PS germicidal UV air purifier to control germs, viruses and fungi.

GAR-401H

USN#2477191 (12" lamp)
USN#2477192 (16" lamp)

MULTIVOLTAGE UV
GERMICIDAL AIR PURIFIER
Perfect for northern markets.

OR

GAR7-50PS

USN#2479959 (12" lamp)
USN#2479960 (16" lamp)

REMOTE MULTIVOLTAGE
UV GERMICIDAL AIR PURIFIER

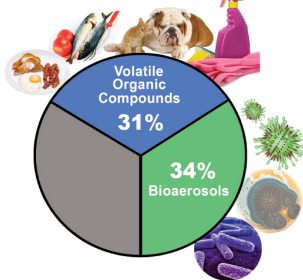

Fits tight spaces.
Great for surface irradiation.
Perfect for southern markets.

This unit can be upgraded
to include odor control
using the optional oxi unit.

USN#2479961

SUPERIOR INDOOR AIR QUALITY

Combine our powerful GAR-403H or GAR7-50DR germicidal UV air purifier with odor control and our polarized media filter to control smoke, dust, pollen and other organic/inorganic particles, while also controlling germs, viruses and fungi.

GAR-403H

USN#2477193 (12" lamp)
USN#2477194 (16" lamp)

MULTIVOLTAGE UV
GERMICIDAL AIR PURIFIER
WITH ACTIVATED OXYGEN
Perfect for northern markets.

OR

GAR7-50DR

USN#2477189 (12" lamp)
USN#2477190 (16" lamp)

REMOTE MULTIVOLTAGE UV GERMICIDAL
AIR PURIFIER WITH ACTIVATED OXYGEN

Fits tight spaces. • Great for surface irradiation.
Perfect for southern markets.

OPTIMUM INDOOR AIR QUALITY

Control all three types of indoor air pollution. Combine our powerful GAR-403H or GAR7-50DR germicidal UV air purifier with odor control and our polarized media filter to control smoke, dust, pollen and other organic/inorganic particles, while also controlling germs, viruses, fungi and odors. Add our GAR-HP500 whole house true H.E.P.A. air cleaner to achieve hospital quality air cleaning.

GAR-P6100

USN#2477204 16x20 POLARIZED MEDIA AIR FILTER
USN#2477205 16x25 POLARIZED MEDIA AIR FILTER

Comfort. Performance. Value.

Packaged Terminal Air Conditioners & Heat Pumps

- Available in 9000, 12000, and 15000 heat/cool models
- Wall sleeve, exterior grilles, and drain kits
- 13 and 16 SEER
- Multiple-position air handlers available

Thru-the-Wall Air Conditioners

- Available in heat/cool and cool only models up to 25000 BTUH
- 115V or 230V
- Remote control
- Fit universal sleeve
- 13 and 16 SEER
- Multiple-position air handlers available

Portable Dehumidifiers

- Available in 30, 45, and 60 pint models

Portable Air Conditioners & Heat Pumps

- Available in heat/cool and cool only models
- 10000 and 12000 BTU
- Remote control

From free organization tools to full service inventory management programs, our solutions allow you to better manage your inventory, improve productivity, and reduce costs. These programs can be customized to fit your specific business needs.

ORGANIZE

Product Identification

Work with your Barnett Account Manager or visit our website to determine the most important products for all of your stocking locations, including your stockrooms, trucks and warehouses. This is the first step toward maintaining the right product mix and building your just-in-time inventory replenishment.

Bin Labels

Organize your inventory and easily access products with our free online Bin Labels tool. Each color-coded label includes the product's part number, description, image, and barcode for quick and intuitive identification.

MANAGE

Truck Stock

Our just-in-time, truck-level specific inventory management programs ensures that you maintain the right product mix and the required inventory levels on your service and repair trucks. Receive accurate records of daily product usage and standardize products across your fleet.

Pre-Positioned Inventory (PPI)

Increase your cash flow, reduce upfront costs, stock more high-ticket items, and carry more products with our consignment program. Eliminate carrying costs by only paying for the products you use.

Shop Management Program (SMP)

Designed for any size customer who is looking to improve their inventory efficiencies through organization and technology. Special racks and bin boxes help you control your stocked products. Depending on your specific needs this may include a consignment component.

Vendor Managed Inventory (VMI)

Our VMI solution allows you to focus on your core business while we handle your inventory. This comprehensive on-site program includes the installation of infrastructure and a full-time employee on-site to manage your stock and reduce your costs.

REPLENISH

Mobile Scan to Order

Our free mobile app includes all of the convenient features of our mobile website, plus it enables you to quickly order items by scanning product barcodes on your bin labels or UPC codes on product packaging—all without specialized equipment.

Supplyware®

Accelerate your inventory check-in and check-out process with our comprehensive inventory management system. Supplyware manages inventory min/max levels and provides real-time visibility to your stock levels and usage, and automates ordering and replenishment.

eBarnett.com

Creating a Favorites List allows you to keep the items you order on a regular basis easily accessible. You can use these lists for job-specific projects or as a great tool to assist you in reordering products you use often. Creating Bin Labels from your Favorites List is as easy as 1.2.3.

For more information or to create a custom solution, contact your Account Manager or call 800-288-2000 or visit eBarnett.com
