

Dear Pastor,

In 1968 the first congregation installed a sign made by Stewart Signs. Since that time, Stewart Signs has proved time and again why we have chosen to endorse the company as the sole provider of outdoor signs through our ONESource program.

Your church sign is your first impression to many people in your community, and it also serves to help you communicate with your members. Your sign allows you to share about upcoming events, offer encouraging notes, and speak biblical truth into the lives of those who drive past your church.

Stewart Signs will create a sign that accurately reflects your church as it moves forward into the future God intends for it. Additionally, the sign will be long-lasting, easy to use, and graffiti-resistant.

Contact LifeWay Sign Sales today at 1-800-464-2799 or at LifeWay.com/signs to learn how a sign can help you communicate God's love to your community.

In Christ,

A handwritten signature in black ink that reads "Cossy Pachares".
