

# JESUS, CONTINUED...

WHY THE SPIRIT INSIDE YOU IS  
*BETTER* THAN JESUS BESIDE YOU

Throughout his Christian life, J.D. Greear felt disconnected to God and unsure about how to interact with Him. Although he had learned a lot of truths about God, these truths didn't seem to bring him any closer to Him. All of God's work seemed stockpiled in the past. God seemed like a busy teacher who had given an assignment and then stepped out of the room, leaving students to get the work done on their own. But Greear discovered it doesn't have to be like that. Over the course of this study, you'll see how you can have a satisfying, powerful relationship with God through the Holy Spirit.
