TRADITIONAL HAMMAM

1200 MAD

1 hour 30 minutes

This relaxing treatment begins by allowing the skin to warm and moisten, so the pores can open. The skin is then cleansed using "Savon Noir", a traditional Moroccan soap used in hammam. This is followed by a full-body exfoliation using a kessa glove, hair washing and a traditional stretching massage. Following this, a unique body wrap is applied to the skin, made from a mineral-rich clay sourced from the Atlas Mountains and infused with the essence of aromatic medicinal plants and mixed with rose water.
