## OUR HISTORY

The story of Newell started in 1903 in Ogdensburg, N.Y., when the W.F. Linton Co., a manufacturer of metal curtain rods, defaulted on its loan. Prominent local businessman Edgar A. Newell purchased the company and renamed it the Newell Manufacturing Company.

1903

Dan Ferguson was named President in 1965. Using his growth-by-acquisition strategy, Newell grew from a small, one-category private company to a powerful hardware and housewares company that catered to large national retail chains with dozens of brands. Over 70 acquisitions in 30 years!

1965

Newell entered the office supplies business with the 1991 acquisition of W.T. Rogers and the 1992 purchase of Sanford, a leading manufacturer and marketer of writing instruments.

1991-1992

In 2015, Newell Rubbermaid announced its intention to acquire Jarden Corporation. The transaction closed in April 2016 and created Newell Brands.

2015

2019

During World War II, Western Newell converted factories to assist with the war effort, earning the prestigious Army/Navy "E" award for excellence in wartime production. After the war, Western Newell saw immediate success in sales and manufacturing of drapery pin-on hooks, extension rods, sash rods, curtain holdbacks thanks to a deal with Kresge.

The Newell Company went public in 1972, opening on the NASDAQ at \$28 per share.

The company created the world's broadest assortment of writing products with the purchase of Gillette's stationery products business, including Paper Mate and Liquid Paper. The acquisition also included the Parker and Waterman brands, the most global of the company's brands to date, positioning Newell Rubbermaid in the luxury writing instruments category.

Ravi Saligram joined the company in October as president and CEO to reestablish the organization as a premier, consumer products company that is at the forefront of meeting evolving needs and lifestyles.

# Pens With A Purpose

## UNIQUE PENS WITH UNIQUE ABILITIES

### uni-ball® 207™

see pages 28-29

#### *Eliminates Check Washing*

The 207 unique ink is designed to virtually eliminate the form of check fraud known as “check washing”. This pen is a must-have for ANYONE who wants to avoid being a victim of this rampant type of identity-theft crime!

### uni Super Ink™

**PROTECTION**  
AGAINST  
**[WATER  
FADING  
FRAUD]**

### uni-ball® Vision Elite™

see pages 34-35

#### *Won't Leak—EVER*

No leaking ever—even on airplanes! The unique reservoir system compensates for rapid changes in pressure, the most common cause of damaging ink leakage. Smooth ink flow is guaranteed. Perfect for business people and travelers on the go.

### Sharpie® GEL HIGHLIGHTER

see page 61

#### *No Ink. No Smear. Radical, Yes.*

New gel stick technology provides our strongest smear protection across pen and marker inks and ink jet printouts. Won't bleed through paper surfaces including glossy and thin papers, magazines and religious books.

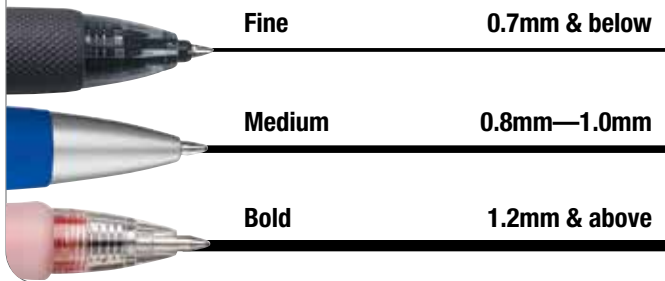

# How To Choose The Right Pen

## Pick your ink type and point size, then consider these other factors

- Fine/Micro for detailed writing
- Medium for average line width
- Bold for the most vivid marking
- Style
- Grip
- Colour
- Pens that prevent check washing
- Earth-friendly choices
- InkJoy™ ink for effortless writing

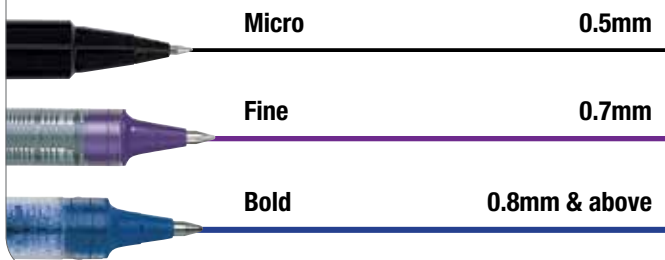

### Ball Pens

### Ball Pen Ink

- Quick-drying ink—Great for left-handers
- Writes with precise lines
- Less smearing than rollerball and gel inks
- Typically offers extended write life

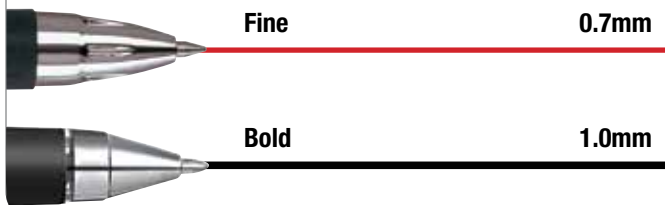

### Rollerball Pens

### Rollerball Ink

- Fluid ink takes very little effort to make the ink flow
- Longer drying time than ball point
- Provides bright, vibrant, rich colouring on your page
- Rollerball pens are often capped (vs. retractable) to prevent ink dry-out

### Gel Pens

### Gel Ink

- Combines qualities of ball point and rollerball pen
- In an idle state, ink is thick, similar to a ball point
- Once the ball begins rolling, provides a fluid writing experience like a rollerball
- Provides bright, vibrant, rich colouring on your page

### InkJoy® Pens

### InkJoy Ink

- Revolutionary ink system that glides like a gel and dries like a ball pen
- Variety of vivid, bold colours
- Incredible smoothness right from the start

# Paper♥Mate® ECO-Element

Step outside your element and help the environment with the Paper Mate Eco-Element. The new eco-friendly version of our popular Paper Mate Element ball pen is produced from renewable resources and is refillable. Barrels are produced from polylactide (PLA), a lactic acid from corn, which is a renewable resource.\* Use of PLA decreases depletion of petroleum, an important non-renewable resource! It's the essential element to your next successful green marketing plan.

\*Because this product is made from a renewable resource, exposure to temperatures of 140 degrees F or more may affect the quality of the components and/or imprint.

## PROTECT YOUR MOST SENSITIVE DOCUMENTS

### HELP PROTECT YOURSELF with uni Super Ink™

uni-ball pens use specially formulated inks that contain colour pigments, which are absorbed deeply into paper fibers.

When an individual tries to “wash” the information written on a check, pharmacy prescription or other important document, the ink is in effect “trapped”, making the act of fraud nearly impossible.

- Pigmented ink
- Archival quality†
- Light resistant
- Chemical‡ resistant
- Water resistant
- Erasure resistant

<sup>†</sup>uni-ball pigmented ink complies with ISO 14145-2, the international standard governing the quality and performance of roller ball pens for use on official documents.

<sup>‡</sup>uni Super Ink is resistant to certain chemicals including ethanol, ammonium hydroxide and hydrochloric acid.

<sup>§</sup>Combi does not contain Super Ink.

## THE FACTS ON DOCUMENT FRAUD

- Over 11 million Americans have been victimized by some form of identity theft.
- Prescription fraud is a significant and growing problem according to the U.S. Department of Justice.
- Over \$815 million is lost annually in the U.S. to check washing.
- Victims spend an average of \$527 - \$2,104 in out-of-pocket expenses, depending on the type of fraud.

## APPLICATIONS

- Banks and credit unions
  - CPA firms
  - Fraud prevention services
  - Title companies
  - Insurance companies
  - Pharmacies
  - Retailers who accept checks
  - Law firms
  - Home security companies
- ...and any other organizations that want to communicate the importance of protecting personal property

## VISION™

What makes a uni-ball Vision Rollerball Pen so unique? It's incredible ink! Each uni-ball rollerball pen has free flowing and fluid ink, similar to a fountain pen. You can actually feel the ball contacting the paper and see the ink flowing out of the pen as you write. And like all uni-ball pens, each roller pen features uni Super Ink which protects against water, fading and fraud. This pigment based rollerball ink contains particles that form an indelible bond in paper- it can't be broken... ever. The best rollerball pen, they have archival quality ink that's great for documenting and record keeping and is acid free.

- Reliably smooth, free-flowing writing the moment the pen hits paper
- Exclusive uni-flow rollerball ink system provides consistent smoothness and colour intensity
- Features uni Super Ink which protects against water, fading and fraud
- Convenient visible ink supply window so you know how much ink remains
- 0.7mm point size

## JETSTREAM™ SPORT

Try the addicting smoothness of the uni-ball Jetstream RT Ballpoint Pen for yourself. These retractable pens feature a unique hybrid ink that combines the smoothness of a gel ink with the quick-drying properties of a ballpoint pen. While providing crisp and vivid lines, the ink easily penetrates paper to help prevent smearing, which makes it the ideal pen for left-handed writers. Like all uni-ball pens, the Jetstream features uni Super Ink that protects against water, fading, and fraud. This pigment-based ink contains particles that form an indelible bond in paper--it can't be broken ... ever. The Jetstream pen delivers solid vivid colours every time you write.

- Delivers fast, clean writing that keeps up with your thoughts
- Quick-drying ink helps minimize smudging--ideal for left handers

AIR

The revolutionary nib of the Air, unlike conventional rollerballs, is pressure sensitive, meaning that it gives a writing experience and differentiating line width similar to that of a fountain pen. Metal ball of the nib is encased in an acetal plastic, rather than the standard metal surround, which allows for a smoother flow of ink around the ball and an increased flow as further pressure is applied.

- uni Super Ink offers 3-way protection against water, fading and fraud
- Archive-quality ink for a water-resistant mark that stays vibrant and doesn't fade
- 0.5mm ball delivers a line width of between 0.28mm and 0.45mm

EXCEPTION  
Strikingly different

Exception is a phenomenon of technical ingenuity. Conceiving a prestigious pen of this shape to not only look good, work brilliantly, but also feel sublime in the hand, took immense skill. Today, when you write with an Exception, you can feel the inspiration flowing from its charismatic lines. A Waterman masterpiece that echoes the magic of inspiration.

## Authorization and Indemnification

By placing an order with Newell Custom Writing Instruments, you represent and warrant that you have the authority to order, purchase and distribute merchandise containing the names, trademarks, logos, copyrights, etc. identified in your order. You also agree to indemnify, defend and hold harmless Sanford L.P. and its affiliates and representatives, from and against all claims, liabilities and expenses (including reasonable attorney's fees) arising out of or related to an actual or alleged infringement or misappropriation of any trademark, trade dress, copyright or any other proprietary right of such merchandise. This provision will remain in effect after delivery of your order.

## Combined Quantity Pricing

Newell Custom Writing Instruments provides customers with the opportunity to take maximum advantage of price savings through its Combined Quantity Pricing Program. Just choose any combination of products featured in the 2020 catalog to receive a discounted price for each item based on the total units of all items ordered. Program excludes refills, Paper Mate Write Bros. Stick Pens. Products sold as a "set" constitute one unit. Contact Customer Service for more details.

## Credit Card Payment

We accept American Express, Master Card and VISA.

## C-TPAT Customs-Trade Partnership Against Terrorism Certification

- C-TPAT is a voluntary government-business initiative to build cooperative relationships that strengthen and improve overall international supply chain and U.S. border security.
- C-TPAT recognizes that Customs can provide the highest level of security only through close cooperation with the ultimate owners of the supply chain.
- By participating in this first worldwide supply chain security initiative, companies ensure a more secure and expeditious supply chain for their employees, suppliers and customers.
- Newell Brands, parent company of Newell Custom Writing Instruments, is a Tier 2 validated partner in this voluntary program, status verification membership number 2f15205a-c7a4-4f7c-88e2-accb3ddabe4.

## Customization Guidelines

Customized Sharpie®, Paper Mate®, Ink Joy®, uni-ball®, EXPO®, Parker®, & Waterman® Writing Instruments are the perfect promotional product. However, we have a few guidelines to help you get started. Please keep these in mind while creating your customized promotional product. Our team will need to review each order before it is imprinted/engraved. We appreciate your cooperation with our simple guidelines.

- Please do not use any obscenities or offensive phrases.  
Be bold, but don't offend!
- No celebrity names, please! Unless of course it's YOUR name!
- No professional sports team names without proof of trademark and/or copyright ownership.
- No names of major events or landmarks without proof of trademark and/or copyright ownership.

# Order Information

- No product names, trademarked names, copyrighted names or business names not owned by the company or company partner listed on purchase order.
- If you have a question about what you can or cannot print, please contact us at 1-800-323-0749 and press 2 for Consumer Affairs.
- Have fun, be bold and Write Out Loud!®

## Depiction of Company Logos/Trademarks

The quality products in this catalog that display the logos/trademarks of various companies are shown only to illustrate the extensive graphic capabilities of Newell Custom Writing Instruments. Featured logos/trademarks do not constitute endorsement of our products and/or relationship with Newell Custom Writing Instruments by such other companies. All logos/trademarks displayed are the property of the company to which they belong and are used with permission. Logo/trademark-bearing merchandise can only be purchased by or through the company to which the logo/trademark belongs.

## Electronic Order Processing Capabilities

- Newell Custom Writing Instruments actively participates in e-PSA electronic data interchange initiatives, and has achieved e-PSA certification PIP3A6 (daily order status) and PIP3B2 (daily shipment notification). Interested distributors should inquire with Customer Service to establish an e-PSA partnership.
- Newell Custom Writing Instruments is ASI Transact enabled. ASI Transact partners have the ability to send orders to Sanford B2B, obtain order status, receive shipment notification and receive invoices electronically.
- Newell Custom Writing Instruments products are fully represented on:
  - ESPOnline
  - DistributorCentral
  - SAGE
  - Trade Only
  - Promo Marketing (Supplier Interface)
- Newell Custom Writing Instruments encourages EDI processing and welcomes the opportunity to partner electronically with accounts.

## Lead Time

- Production time varies by product and customization type. See individual product pages for new and repeat order lead times.
- Our goal is to consistently meet your service needs.
- **Lead time does not begin until any & all approvals have been received.**
- 3:00 p.m. Eastern Standard Time is daily cut-off time for standard lead time to apply.
- Production lead time is calculated in working days from the first full date an order (requiring no further clarification of the purchase order or artwork) is received at our facility to the date it is shipped from our facility. Example: A 3-day lead time (repeat order) received on Monday with no order questions would ship on Thursday – Monday to Tuesday (day one), Tuesday to Wednesday (day two), Wednesday to Thursday (day three).
- Large quantity orders or multi-colour orders may require longer lead times.

- Requests for orders to ship in less than the standard lead time will incur a \$75(A) rush processing fee - if approved. See Rush Service Shipment Information on page 125.
- Orders qualifying for Simple Ship 3-Day and Simple Ship Next Day services do not require advance approval; however, the service must be clearly requested on the purchase order.
- See pages 126-127 for information on products qualifying for Sanford's Simple Ship Program, or contact Customer Service for more information.

## Minimum Order Policy

- No less than minimums accepted for imprinted product.
- Less than minimum orders for Parker & Waterman (Excluding Parker Jotter) will be accepted for 50% of stated quantity with a \$40(G) less than minimum charge.
- Copy or colour changes within the same order must meet published minimum order requirements per product.
- If multiple product colours are ordered, each colour must be 25% of minimum order quantity.

## New Account Set-Up

- Every new customer must complete a Newell Brands credit application and provide a valid resale certificate. This is required regardless of payment method. Customers may still opt to prepay by credit card.
- A new account can only be set up once a PO, credit application and resale certificate are received.
- Account creation takes 3-5 business days.

## Order Changes

- Changes delay orders and must be authorized by Newell Custom Writing Instruments.
- Customers making changes or cancellations after production has begun will be invoiced for all labor and production costs expended. All cancellations must be in writing.

## Overruns/Underruns

Newell Custom Writing Instruments reserves the right to ship and invoice the requested order quantity on promotional products plus or minus 5 percent.

- If overs and unders are not wanted, you must clearly state this on the purchase order.
- Overs and unders will not apply to multiple drop ship orders.

## How To Order

All purchase orders must have the following information

- Account information
- Correct pricing
- Repeat information for repeat orders
- PMS imprint colours
- Writing ink colour
- Ship to address(es)
- Item number
- Barrel/trim colour
- Purchase orders should be submitted to [b2bcustomer.service@sanford.com](mailto:b2bcustomer.service@sanford.com) referencing purchase order number in subject line

# Custom & Stock Domes

**Choose from multiple dome options to maximize your logo's exposure!**

## The Process

We imprint your full-colour, photo-quality, 600 dpi logo on custom photographic paper, then seal it into the crown or clip emblem of your writing instrument with a highly-durable resin dome. We will match the PMS colour of your logo as closely as possible using four-colour process.

All logos are represented in **Horizontal** orientation. If **Vertical** orientation is desired, please specify.

## Emblem Information

### Custom Design Emblems

Many of our fine writing instruments are designed to display your logo on die-struck metal or full-colour dome emblems. Permanently mounted to either the clip or the crown, this customization option makes your logo come alive in 3-dimensional or full-colour detail.

## Emblem Stocking Program

The emblem stocking program provides for prepaid crown emblems and clip emblems for all eligible products to be held in inventory on the client's behalf. Releases from inventory can be quickly turned around. Emblems from inventory will be invoiced after they have been manufactured. Prepaid emblems are held for two years from date of last release and must be used within that period. Emblems with no activity beyond two years will be discarded. Same size nickel finish emblems and brass finish emblems can be combined to meet the minimum order of 50 emblems at no additional charge. Repeat orders can be converted from brass to nickel or nickel to brass at no additional charge if the 50 piece minimum order is met.

# Artwork Specifications

## PRODUCTION-READY ART DEFINITION

Artwork submitted electronically that is vector based and created in Adobe Illustrator (.ai) or CorelDRAW (.eps or .pdf). Exception: JPEG images, 300 dpi are acceptable for slant top dome logos. Art for slant top dome logos must be at least 4 times larger than the finished size.

## PREFERRED FORMATS

PDF, EPS, Adobe Illustrator version 10 or higher, all containing vector data, or JPEG (domed logos only).

## OTHER ACCEPTABLE FORMATS

Word, PowerPoint, Excel, Publisher, JPEG, GIF, WMF, scans of logos/letterhead/business cards, or page layout files (Quark, PageMaker, InDesign). These files may be subject to longer lead times.

## SUBMIT ALL ARTWORK TO:

**art@sanford.com**

- Include the purchase order number in the subject line.
- Distributor name, city, state, and phone number must accompany the email.
- All fonts must be in outline form.
- Black and white art is acceptable, with colours specified within the email.
- If art is multi-coloured, a colour composite file is preferred (no separations).
- **A copy of artwork (even when sent electronically) must be included with your purchase order.**

\*Artwork will be maximized to imprint windows unless otherwise specified

## ADDITIONAL INFORMATION

- Files received without vector data or in an unacceptable format are subject to a longer lead time.
- Any non-production-ready artwork will be redrawn to conform to our standards.
- Non-production-ready artwork is subject to a minimum art charge of \$85(G).
- All artwork received is modified to meet product specifications and minimum printing requirements.
- Artwork containing gradients will require a pre-production sample prior to production of entire order. Call Customer Service for additional information.

## NON-ELECTRONIC ARTWORK

Submit with the purchase order. This art will be subject to a longer lead time and additional art charges unless submitted on CD in an acceptable format. Faxed art will not be accepted.

## IMPRINT/ENGRAVE POSITION

Unless specified, imprinting will be right handed for writing mode position.

## IMPRINT Colour MATCHES

It is our intention to match as closely as possible to all Pantone numbers/colour swatches. However, as our inks have to comply with certain safety standards, it is not always possible to give a perfect match, especially on units other than white. This may result in a significant colour difference when printing on coloured units, e.g., red on black units, yellow on blue units. Please take this into consideration. See guidelines on pages 126-127.

## Imprint and Engraving Typestyles

The following list of typestyles illustrates a sampling of those most popularly requested for imprinting, as well as copy or personalization engraving. We are able to italicize any of the fonts as long as it is indicated on your purchase order. Engraving size for copy & personalization will vary depending on the font and engraving area available.

Sanford artists reserve the right to size the font for best overall appearance. We do not recommend script-style fonts in all upper case letters. If we do not have your desired font, fonts sent in on disc or e-mail will be accepted (please provide it upon request in a True Type format).

# Shipping Policies & Procedures

## Shipping Policy

- All small package orders are shipped FOB Calexico, CA 92231 via our preferred carrier – FedEx.
- Large quantity orders will be shipped via less than truckload freight carrier upon request and approval.
- Large quantity orders (less than a truckload) will be shipped best cost and delivery method via one of our preferred carriers based on geographic region. LTL shipments are excluded from the Freight Max 3 Program (see page 130 for details).
- If an alternative carrier is requested, an account number and the zip code for the billing address of the account provided should be given on your purchase order.
- If shipping 3rd party collect on specific carrier, that 3rd party account will accrue and be responsible for any duties, taxes or fees.
- Zones differ for ground services outside the continental United States. Shipments to Hawaii will default to FedEx 2 Day.
- FOB Calexico, CA (ZIP/Postal Code 92231) standard ground parcel rate charges will be added to the invoice. A complete street address must be supplied. Shipments cannot be made to a post office box.
- C.O.D. shipments will not be accepted.
- Newell Custom Writing Instruments is not responsible for delayed shipments that are given to the carrier on time.
- Pre-Paid/Add Only: Any claims concerning damaged merchandise must be made directly to Sanford Customer Service. The goods and the original packaging must be made available for inspection.
- Pre-Paid/Add Only: Any claims concerning lost merchandise must be made directly to Sanford Business-to-Business within two weeks from delivery date set forth on invoice/PO.
- All standard ground parcel rates are subject to change without notice. Due to fluctuations in fuel prices, if surcharges are incurred, these will be added to the existing freight charge.
- Newell Custom Writing Instruments reserves the right to change preferred carrier and service level without notice.
- USPS will be used for APO shipments upon special request and approval.

## Split Shipments/Drop Shipments

- All addresses must be provided at the time of original order submission in order to avoid the order being placed hold.
- There will be a \$7.00(Z) Drop Shipment Charge per location for orders requiring more than 25 locations including the first 25 locations.
- Individual mailings or master packing will be quoted upon request.
- 25+ locations adds 1 additional day to lead time.

## Expedited Order Information

### Rush Service Shipments

We make every effort to accommodate orders needed sooner than published lead times.

- If you need an order in less than the published lead time, choose from two Simple Ship Programs (see pages 126-127 for qualifying products and minimum/maximum order quantities), or contact Customer Service to initiate a Rush Service request if your order is already in house.
- A rush service request cannot be requested until an order has reached production (after order entry and any necessary approvals have been received).
- Orders desired in less than the standard lead time will be subject to a \$75(A) rush charge (excluding qualifying 'Simple Ship 3 Day' and 'Simple Ship Next Day' service orders).
- Purchase order must specify 'Simple Ship Next Day' or 'Simple Ship 3 Day' if one of these services is desired and all qualifications specified on pages 126-127 are met.
- Standard product pricing applies.
- All rush service orders must be received by 3:00 p.m. Eastern Standard Time.
- Working day lead time is calculated from the date an order (requiring no further clarification of the purchase order or artwork) is received.
- No rush shipments by U.S. Postal Service.
- Emailed, vector-based art required.
- Orders cannot be changed after receipt.

# Preferred Carrier Freight Information

## Note:

The following policies are in effect on January 1, 2017 (shipping policy subject to change without notice).

- Sanford B2B's shipping policy is to negotiate and apply the most cost effective and timely shipping method so as to minimize costs for both Sanford B2B and our customers, yet deliver goods with quickest lead times.
- We have negotiated a special discounted program with Fedex that will result in speedy air shipments at comparable ground rate prices.
- Orders will ship "Prepaid & Add"
- Max 4 day service to most urban centres in Canada.
- We have also developed a simple system to calculate costs.  
The objective being to make it easy for you to understand and figure your shipping costs.
- Sanford B2B will continue to pay all duties and brokerage fees for easy flow through.
- Note: Please add production lead time to delivery lead time.

4 DAYS OR LESS  
GROUND PARCEL  
RATES

## "Small Package" orders will ship Fedex

- Orders will ship "Air" from our depot in Mexicali, MX to distribution points in Canada then re-routed via quickest available
- Freight costs are calculated \$1.25/lb\* regardless of location in Canada
- Each order will also be assessed a \$5.00\* processing fee, regardless of order size
- Calculation is simple, 20lb order:  
 $20\text{lb} \times \$1.25 = \$25.00/\text{lb}.$   
 $\$25.00 + \$5.00 = \$30.00$  shipping fee

\* Freight rates subject to change

## "Large Shipment"

Orders will be shipped LTL, best cost and delivery method available via one of our preferred carriers, FOB Mexicali. Freight charges will be applied to invoice. Please contact your Customer Service Rep for quote.
