

Safety at the Speed of Now

MSA ALTAIR® Connect App

System Components

ALTAIR 4XR

Personal Multigas Detector

ALTAIR 5X

Sampling Multigas Detector

ALTAIR Connect

Powerful Android App

ALTAIR Grid

Remote Monitoring Service

MSA's integrated Bluetooth connectivity enables scalable solutions that eliminate the need for costly investments in wireless infrastructure. Android-based Bluetooth connectivity is the basis for these solutions. By incorporating Bluetooth as a standard feature in select portable gas detectors, MSA offers wireless safety benefits to everyone.

By downloading the MSA ALTAIR Connect App from Google Play and pairing with any compatible Android* device, your gas detector can be turned into an enhanced safety and productivity tool. The ALTAIR Connect App is the gateway to using the MSA ALTAIR Grid, a secure web-based virtual control room that helps to manage worker safety remotely.

Safety Awareness

- Receive gas detection readings, alarms and man-down alerts
- Send emergency SMS text notifications with GPS location# to single or group recipients
- Short-range replication of live instrument readings

Maintenance and Operational Support

- Configure instruments remotely, without the need for a PC
- View and email# event record

Improved Safety Management and Compliance

- View and email# calibration certifications
- Awareness of lone worker or remote instrument events
- Platform allows for integration of third-party engineered systems or subscription safety services

Safety Awareness

Improved Safety Management and Compliance

Maintenance and Operational Support
