

# SIRIUS was good ... ... ALTAIR® 5X PID is even better!

As a SIRIUS user, we're sure that you're absolutely satisfied with this device and its features. However, it may be time for you to switch to **the latest generation of Multigas PID Detector, the ALTAIR 5X PID.**

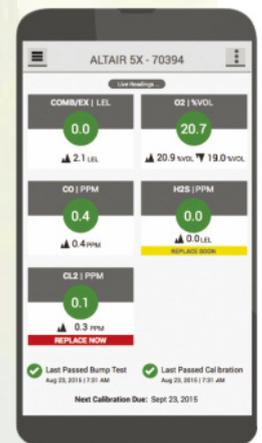

The ALTAIR 5X PID, with up to 6 gas detection and Bluetooth connectivity, brings VOC detection to the exceptional ALTAIR platform – so now our PID detector is more robust, significantly lighter, provides longer battery life and is powered by our XCell sensors making it a perfect upgrade option from the SIRIUS you have today.

Here are a few more reasons why you should move to the ALTAIR 5X PID available from MSA:

- Compact, comfortable and extremely lightweight at **only 450 g!** No issue wearing it all day
- **Rechargeable battery** with 13 h battery life
- Detects combustible gases in LEL and/or volume % range – **O<sub>2</sub>, CO, H<sub>2</sub>S, SO<sub>2</sub>, NO<sub>2</sub>, NH<sub>3</sub>, Cl<sub>2</sub>, VOCs, and many others** depending upon sensor configuration
- **PID option** allows for accurate, reliable VOC response with programmable reference factors
- **Rugged overmolded polycarbonate housing** provides unsurpassed durability, including the ability to survive 3 m drop
- **IP65**-certified by independent laboratory
- Field-proven **integral pump** provides consistent gas flow
- **Best-in-class high performance XCell Sensors:**
  - Typical life greater than 4 years for combustible, O<sub>2</sub>, CO/H<sub>2</sub>S, SO<sub>2</sub>, CO/NO<sub>2</sub> and CO (high concentration) sensors
  - Typical life greater than 3 years for NH<sub>3</sub> and Cl<sub>2</sub> sensors
  - Most sensor response and clear times <15 seconds
- **MotionAlert alarm** notifies others that user has become immobile
- **InstantAlert** feature provides a manual alarm to alert others as to a potentially hazardous or emergency situation
- **Wireless Bluetooth included** as standard:
  - View real-time ALTAIR 5X sensors readings, man-down alerts remotely and more on your Android smartphone
  - Configure ALTAIR 5X remotely
  - Automate gas detector records and events
  - Send automated gas, MotionAlert and more ... alarms via text/SMS
- Easy access to **instrument history** : >1000 events & >200 hours gas readings
- **Large buttons** and **bright display** provide easy operation, even when users wear gloves
- Versatile **free MSA Link™ Software** allows users to transmit data to a PC
- Compatible with **GALAXY® GX2 Test System** and **MSA Link Pro Software** for fleet management
- Standard **3-year warranty** including most sensors and rechargeable battery

**XCell®**  
SENSORS

# ALTAIR® 5X PID

Multigas Detector Features

**Fully compatible** with MSA Link™ and Link Pro softwares and MSA Galaxy® GX2 test system

**Robust** integral pump for consistent flow and improved durability

**High contrast** color display

**Advanced** VOC detection

**18** language options

**Large buttons** for easy operation

**Advanced** MotionAlert and InstantAlert features

**High performance** MSA XCell sensors

**Bluetooth** wireless connectivity

**24-hour** bump checkmark

**XCell Sensor** end-of-life indicator

**Durable, rubberized housing** for secure grip

MSA-exclusive feature
