Pittsburgh, PA 15230

Certification Letter
SEI Ref. No.: FP4 MSA 01
(MSA Ref.: SP12-37)

Dear Ms. Dowling:

SEI is pleased to inform you that effective June 19, 2012, the Class I revision(s)/addition(s) to the EvoTech Full Body Harness Series of products (resulting in the EvoTech Tower Harness Series of Products) are certified by the Safety Equipment Institute as meeting the requirements of CAN/CSA Z259.10-06, *Full Body Harnesses*:

SEI Reference Number	EvoTech Full Body Harness Assemble-To-Order Designation (i.e., Model Number)	Description
FP4 MSA 01	AEVOCXXXXXXXXXXXX	Vesttype style full body harness with a “4,” “5,” “6,” or “7” in the 6 th position, where the remaining X's in the Model No. are replaced by single digits which designate D-Ring configuration, color, size, leg-strap assembly, D-Ring type, chest strap assembly, back D-Ring configuration, padding and accessories (+)(#)

(+) – Limited to items as noted on MSA Drawing No. SK3033-550, Revision 4, which includes the addition of the EvoTech Tower Harness items.

(#) – Certified to Classes A, D, L, E and P per CAN/CSA Z259.10-06

Safety Equipment Institute
1307 Dolley Madison Blvd. Suite 3A McLean, Virginia 22101
Tel: 703/442-5732 FAX: 703/442-5756
www.SEInet.org

The EvoTech Tower Harness Series of products were submitted for certification to CAN/CSA Z259.10-06 with your submittal package of May 15, 2012. Testing and evaluation of the EvoTech Tower Harness Series of products was successfully completed on June 18, 2012.

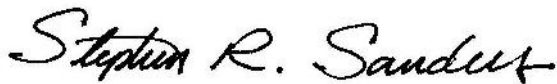

The SEI Certification Mark may be used in the marketing, packaging and promotion of the model detailed above, in accordance with the provisions of the SEI Certification Program Manual.

Per the SEI Certification Program Manual, SEI shall certify the manufacturer's product model(s) and grant the right to use the SEI certification mark when 1) the Testing Laboratory has determined that the product model submitted and tested successfully meets the appropriate product standard, 2) the Quality Assurance Auditor has determined that the manufacturer complies with SEI quality assurance requirements through an on-site audit, including a review of the quality manual and procedures, 3) the manufacturer has paid all fees, and 4) product liability insurance requirements are met.

Following initial certification, SEI conducts annual follow-up testing on samples which are selected by SEI during the annual quality assurance audit. SEI's certification program is accredited as a System Type 5 per ISO/IEC Guide 67:2004(E).

Thank you for your participation in the SEI Certification Program. Please feel free to call me if you have any questions or would like other assistance.

Sincerely,

Stephen R. Sanders
Technical Director
