

Legacy Fall Protection **Conversion Guide**

Gravity® Product Family

*Because every life has a **purpose...***

Fall Protection **Legacy Products**

Please be aware that MSA Fall Protection is officially discontinuing some of the Gravity® Harness Series. The Gravity line has long been a high-performing, economy harness option, but has been made redundant by our more recent harness lines such as Workman®, TechnaCurv® & EVOTECH®. These harness families are currently MSA's most popular brands of full body harnesses and offer numerous exciting features that provide excellent safety, comfort, performance, and affordability.

A limited number of Gravity harnesses are still available, so proponents of this line are encouraged to move quickly before stock is depleted. Additionally, our new Gravity horizontal lifelines with bypass shuttles will replace our existing O-ring versions.

Please contact MSA with any questions or for any additional information.
