Logo Artwork Submission and Authorization

Please read the following information about preferred artwork formats and check the appropriate boxes indicating what you supplied to MSA to create your custom logo heat transfer. Send your completed form and artwork to us.cs@msasafety.com.

For best results:

- Save files in their native format, such as: CorelDRAW, Illustrator, or Photoshop. (PC-compatible files only).
- Save all rasterized files, such as JPEG, TIFF, etc., at 300 dpi minimum. The higher the resolution, the better the reproduction quality will be.
- Include the Pantone Matching System (PMS) numbers of your colors, since colors may not translate exactly by e-mail.
- Send your artwork to the MSA distributor who is taking your order.
- Include the font style, if possible.

Logo Placement

Logo placement is limited to the harness locations as shown in the image above.

Custom Logo List Pricing

WE KNOW WHAT'S AT STAKE.

Purchase Order Requirements for Distributors:

For New Logo Setup:

Step 1: Identify the part number of desired MSA harness. Please include all four sizes.

Step 2: Contact us.cs@msasafety.com (or canada.cs@msasafety.com for Canadian customers) with harness part numbers and artwork images of logo. MSA will respond with a proof design that will need to be signed by end user.

Step 3: Once signed proof is received, MSA Customer Service will provide designated part numbers for ordering your logo harnesses, as well as confirmed pricing. These part numbers can be used in the future for re-orders as well.

Step 4: Submit your PO to placeorder@msasafety.com using new logo part numbers.
