

MSA V-FIT™ Harness

With distinctive design and extended padding, the V-FIT range of full body harnesses provides high-level comfort for users in all applications

V-FIT

Because every life has a purpose...

MSA V-FIT™ Harnesses

Safety first

Fall arrest rated textile loops at the front and a lightweight aluminium back D-ring

Accessible

With two tool holders loops and lanyard keepers on shoulder straps

Tailored to you

Fully adjustable shoulders, chest and thigh straps along with the options of a work positioning belt, ensure perfect sizing and fit

Protected

A label cover protects harness label

Intuitive

Dual load indicators alert you when the harness has been involved in a fall event

Comfortable

Shoulder & legpadding for increased comfort

Peace of mind

Bayonet style buckles with locking engagement window to confirm secure connection
