To Whom it May Concern:

MSA has made the determination to discontinue **Pressure-Demand** versions of the Ultravue Facepiece, effective immediately. This does not impact **Demand** versions of the Ultravue or Ultra Twin facepieces. These facepieces will continue to be available for approved Air Purifying Respirator (APR) and Constant Flow Supplied Air Respirator platforms. This decision was made based on the low volume of replacement masks required and the level of support needed to maintain supply chains for components of the pressure-demand products.

Here is the list of impacted facepieces:

- 471369 FACEPIECE ASSY,ULTRAVUE,PD,BMR,HYC,MD

MSA recommends evaluation of newer generation Pressure Demand platforms such as those that incorporate the G1, UltraElite® and Advantage® 4000 series of facepieces. Please contact your MSA Territory Sales Representative or MSA Customer Service if you have any questions on alternative solutions.

Thank you for your continued support while we go through this process. As always, MSA values your business, and will make an effort to meet your expectations.

Sincerely yours,
