

## Your expertise. For the safety solutions of tomorrow.

*MSA stands for the development, production and sales of professional safety equipment and gas detection technology: We are „The Safety Company“. We have been developing products that save lives for over 100 years – from innovative harness systems to smart gas detection devices. Customers in 140 countries put their lives in our hands every day. Our more than 4,700 employees in 42 locations worldwide accordingly take on great responsibility. Together we pursue one objective: We make the lives of workers in action safer.*

For our team in **Berlin**, Germany we are looking for a highly skilled and motivated

## IT Administrator / Systemadministrator (f/m)

### Your task in our team

---

- You are in charge of a hybrid cloud / on premise office network including VPN Gateways, Security Appliances, Cloud Gateways and Domain Controller.
- You take over administration and support of our internal software tools, such as Atlassian tools and Office 365.
- You use standard tools, such as JIRA, Confluence and Bamboo, according to our internal standards always keeping track of the key metrics defined for a specific project.
- You reply to user- and support requests using a ticket system.
- You monitor services and costs.
- You improve existing processes and tools.
- You participate in discussions and meetings within the core team and with external teams.
- You work closely with our DevOps engineers to constantly improve and adopt our IT environment.

### Your profile: Expertise meets experience

---

- You have completed an apprenticeship as IT specialist or graduated in a similar discipline.
- You have experience in running the IT infrastructure of an office network.
- You have experience in the administration of macOS.
- You have experience in Linux and basic programming skills in a scripting language.
- You have experience in the administration of Office 365.
- You are eager to automate your daily tasks and strive for efficiency
- Preferably, you have an interest in DevOps approach, experience with AWS and in IT security as well as in configuring management systems.
- You communicate fluently in English and German, both written and verbally.
- You are willing to travel about 10% of your work time.

### MSA as an employer: What makes us unique

---

Only with the best employees we are able to remain a leader of innovation. We provide the ideal environment for our employees:

- **Excellent facilities:** Our Research & Development team in Berlin works with state-of-the-art IT infrastructure.
- **Individual career paths:** We offer various development prospects on the basis of personal wishes and talent.
- **Flexible working hours:** Alongside our flexitime model, there is also the option of working from home.
- **Swift decisions:** We combine the stability of an established company with the functioning of a young technology enterprise.
- **Fantastic team:** Benefit from the diversity of your highly qualified colleagues and work with them to further hone your skills!
