REMOVING THE ICM[®] UNIT FROM THE QUICK-FILL[®] SYSTEM ADAPTER BLOCK

MSA recommends using two wrenches or a wrench and vise to remove the ICM Unit from the Quick-Fill System Adapter Block. Holding the case can damage the ICM Unit.

For convenience, place a copy of this PIN Article in the CARE Manual Binder.

Removing the ICM Unit from the Quick-Fill System Adapter Block

1. Place the Quick-Fill System Adapter Block in a vise using protective sleeves to prevent damage to the block (preferred) or use a 3/4" wrench to hold the Quick-Fill System Adapter Block.

2. Slide a wrench over the jam nut and loosen by turning the wrench counter-clockwise.

3. Unthread the ICM Unit from the Quick-Fill System Adapter Block.
4. Remove and discard the jam nut.

⚠ WARNING

DO NOT reuse the jam nut. Dispose of it immediately. Failure to follow this warning can result in serious personal injury or death.
