

Carrying Case for SCBA (1 or 2 cylinders)

We developed your valuable equipment to resist most aggressive conditions during it is protecting the user. Therefore it is worth to also keep your equipment clean and ready for use while transporting it under protected conditions to the point of action, to serve there perfectly. Our largest hard-cover case fulfils important needs to protect your equipment during transport and storage.

Design Features

- Room for one equipped SCBA with up to 2 x 6.8l cylinders or 1 x 9l cylinder (a one cylinder SCBA also including mask with demand valve and additional equipment e.g. like the monitoring devices of the *alpha Personal Network*)
- 2x2 wheels for comfortable transportation (2 wheels to support pulling on the corner handle and two additional small rotatable wheels on the bottom to easily roll the case in diverse directions)
- Two large handles for usage with gloves, to carry or pull

Stable and Rugged Construction

- Thick, robust and UV stable plastic shells
- Metal buckles and stable metal hinge-joints
- Two inner straps to support the upper case shelf and hinges while opened (max. 115° to avoid overexpansion)
- Stable standing feet
