

Chin-Type Gas Masks

Full-Facepiece Air-Purifying Respirator

The MSA Chin-Type Gas Mask is a full-facepiece air-purifying respirator with a single canister, designed for respiratory protection against specific gases or a group of gases as indicated by canister identification.

*Because every life has a **purpose...***

Chin-Type Gas Masks

The lightweight, round plastic canister attaches directly to the facepiece, yet permits downward head movement. Chin-Type Gas Masks can be used for many applications including paper mills, chemical plants, agri-business, fumigation and HazMat situations. Choices include a silicone or rubber facepiece in three sizes and four styles, optional carrying/storage case and wall hanger. A belt-mounted option is also available. MSA NIOSH-approved canisters with particulate filters have a five-year shelf life. Round plastic chin canisters are provided for one of four hazard groups:

- Phosphine/ammonia/chlorine/P100
- Hydrogen fluoride/chlorine/P100
- Organic vapor/P100
- Formaldehyde/acid gas/chlorine dioxide/hydrogen sulfide/P100

Gas masks are designed solely to remove specific contaminants from air. Their use is restricted to entry into, or work within, atmospheres that are within canister limitations. They are not intended for oxygen-deficient atmospheres (less than 19.5% O₂). Gas masks may be used for escape only from atmospheres in which the contaminant concentration does not exceed the gas mask maximum use concentration. Chin-Type Gas Masks have the following maximum use limitations:

Routine use: 50 times the Permissible Exposure Level (PEL) - Do not exceed the Immediately Dangerous to Life or Health (IDLH) concentration.

Escape use: contaminant concentrations up to gas mask maximum use concentrations, providing there is sufficient oxygen to support life.

Gas masks are generally suitable for ventilated areas with relatively stable concentration levels. They should never be used within confined spaces, or where oxygen deficiency and/or high gas concentrations may exist.

MSA Facepieces	Material Options		Head Harness		
	SILICONE	HYCAR™ RUBBER	NET	RUBBER	ADVANTAGE-STYLE
ADVANTAGE® 4100 FACEPIECE	■	■	■	■	
ADVANTAGE 3100	■			■	■
ULTRAVUE® FACEPIECE	■	■		■	
ULTRA ELITE® FACEPIECE	■	■		■	

All four facepieces offer:

- Three sizes to accommodate many users.
- Scratch-resistant polycarbonate lens with wide field of vision.
- Nosecup to reduce lens fogging in low temperatures or high humidity.
- Optional lens cover for additional scratch resistance.

For the Advantage 4100 Facepiece, an adapter is available for converting it into a twin cartridge respirator (with Advantage Cartridges) or a RD40 Facepiece.

Optional Carrying/Storage Plastic Case

Optional carrying/storage plastic case with carrying strap and separate wall-mounting bracket is ideal for storage in car trunks and tool lockers.

Ordering Information

Gas mask facepieces, canisters and storage cases are sold separately.

Formaldehyde/acid gas/chlorine dioxide/ hydrogen sulfide/P100	10075206
Wall bracket	10071231

Belt-Mounted Gas Mask

The belt-mounted version of the Chin-Type Gas Mask allows wearers to mount the chin-style canister to the support belt, shifting canister weight to the hip for greater comfort. The belt-mounted version is also recommended for welding or grinding operations, since the canister can be positioned away from sparks or molten metal. An optional spark cover protects the canister from spark damage.

Accessories for Belted-Mounted Gas Mask	P/N
Belt clip	10068195
Breathing tube	10068129
PVC belt	473902
Web support belt, uncoated	9961
Polyurethane-coated nylon support belt	492827
Spark cover	10068152

Spectacle Kit

For use by workers who must wear corrective lenses, the spectacle kit can be easily inserted into the facepiece. The kit includes a wire support, rubber guide and one pair of metal-frame spectacles.

Spectacle Kits	P/N
Prescription Eyeglass Kit for Advantage 3100/4100 Facepiece (S-7 shape, 44 mm lens)	10029298
Prescription Eyeglass Kit for Ultravue Facepiece (S-7 shape, 44 mm lens)	454819
Prescription Eyeglass Kit for Ultra Elite Facepiece (S-7 shape, 48 mm lens)	804638
