Dyna-Line

Two Worker System Packaged In Convenient Bucket And Includes Anchorage Connector Straps

*Solutions You Can Trust
for Safety at Heights™*

The Rose Dyna-Line

Available in a Single Worker or Two Worker System

Exciting Features:

- Can be used with any suitable 5000 lb rated anchorage
- Eliminates the need for additional anchorage point surveys
- Can be rigged using many standard components, reducing the need for special or "engineered" equipment
- Spliced rope ends for a stronger joint
- Attachment rings on rope to prevent rollout and reduce rope wear
- Highly visible red rope
- Load indicator on the Single Worker kit and a shock absorber on the Two Worker system clearly indicates that the system has seen fall arrest forces and should be removed from use
- Can be rigged using a wide variety of anchorage connectors, increasing versatility
- 12 strand low stretch rope minimizes fall distance
- 12 strand rope will not hockle

**Meets all OSHA standards
and ANSI A10.14 standards.**

The Rose Dyna-Line kit includes:

- Lifeline (30' & 60' lengths are standard, up to 200' available by special order).
- Line Tensioner
- Snaphook or Carabiner attachments.
(Two Worker System includes 2 Anchorage Connector Straps)
- Connecting Ring, forged steel, for attachment to Personal Fall Arrest System.
- Handy Bucket carrying container.
