

Passive Hearing Protection

Comfort Band™ Ear Band (NRR-23dB)

Designed to be worn under the chin, the MSA Comfort Band Ear Band is made with soft, easily cleanable pods and a durable plastic neck band. When not in use, the Comfort Band Ear Band can be left to rest around your neck. NRR is tested in accordance with ANSI S3.19-1974 and CSA Class A. *Comfort Band Ear Band must be ordered in multiples of 20.*

Tri-Seal™ Reusable Silicone Ear Plugs (NRR-25 dB)

- › Reusable ear plugs are easy to insert in the ear and economical
- › Ruggedly designed cord made of soft, comfortable silicone
- › Available in dispenser boxes of 100 individually packaged pairs. Dispenser box is suitable for wall hanging

FormFit™ Disposable Urethane Foam Ear Plugs

For users who prefer to dispose of their plugs after each use, FormFit Ear Plugs are the answer. Easy to use and affordable, FormFit Ear Plugs offer substantial noise reduction and are very comfortable to wear. NRR is tested in accordance with ANSI S3.19-1974 and CSA Class A.

Round Ear Plugs
