

## **Type Examination Certificate**

for Electrical Equipment used in Potentially Explosive Atmosphere

| Issued by<br>Eurofins E&E CML Limited,           | Newport Busi   | ness Park, New Po | t Road, E | llesmere Port CH65 4LZ, UK |     |
|--|--|-------------------|-----------|----------------------------|-----|
| Applicant  | General Monitors, Incorporated<br>26776 Simpatica Circle, Lake Forest, CA 92630 United States of America   |                   |           |                            |     |
| Manufacturer name                                | General Monitors, Incorporated<br>26776 Simpatica Circle, Lake Forest, CA 92630, United States of America  |                   |           |                            |     |
| Product name                                     | Flame Detector   |                   |           |                            |     |
| Type/model code                                  | FL500 UV/IR and FL500-H2 UV/IR Flame Detectors   |                   |           |                            |     |
| Type of protection                               | Flameproof (db) Dust protected (tb)  |                   |           |                            |     |
| Group, Temperature<br>Class and EPL              | IIC T5 Gb<br>IIIC T100°C Db  |                   |           |                            |     |
| The equipment shall be marked with the following | Ex db IIC T5 Gb<br>Ex tb IIIC T100°C Db  |                   |           |                            |     |
| Ratings  | 20 to 36 VDC, 200 mA (max), 3 watts (max)<br>Ta: -55°C to +85°C  |                   |           |                            |     |
| Special condition for safe use                   | <ol> <li>Potential electrostatic charging hazard; use a damp cloth for cleaning.</li> <li>Contact the manufacturer if dimensional information of flameproof joints is needed.</li> </ol> |                   |           |                            |     |
| Certificate number                               | CML 19JPN1315X   |                   |           |                            |     |
| Term of validity                                 | From   | 07 08 2019        | to        | 06 08 2022                 | Cml |

This is to certify that the equipment specified above complies with the requirements stipulated in Ordinance on Examination of Machines and Other Equipment of the Ministry of Health, Labour and Welfare, Japan.
