General Monitors Joins the MSA China Family of Products

Following the acquisition of General Monitors in October 2010 and effective December 20, 2014, MSA is the exclusive owner and supplier of General Monitors' branded products, systems, and services in China, including Hong Kong, Macau, and Taiwan. As two unmatched experts in gas and flame detection join forces, customers will now have combined access to the complete range of leading sensing technologies and product solutions for fixed gas and flame detection.

Only official MSA channel partners are authorized to sell General Monitors branded products and services. Please contact MSA China for a list of authorized partners.

About MSA

Established in 1914, MSA Safety Incorporated is the global leader in the development, manufacture and supply of safety products that protect people and facility infrastructures. Many MSA products integrate a combination of electronics, mechanical systems and advanced materials to protect users against hazardous or life-threatening situations. The company's comprehensive line of products is used by workers around the world in a broad range of markets, including the oil, gas and petrochemical industry, the fire service, the construction industry, mining, and the military. The company's core products include self-contained breathing apparatus, fixed gas and flame detection systems, portable gas detection instruments, head protection products and fall protection devices. With 2013 revenues of \$1.1 billion, MSA employs approximately 5,300 people worldwide. The company is headquartered north of Pittsburgh in Cranberry Township, Pa., and has manufacturing operations in the United States, Europe, Asia and Latin America. With more than 40 international locations, MSA realizes approximately half of its revenue from outside North America. For more information, visit MSA's website at www.MSAsafety.com.
