Requirement **Fall Protection system required for rooftop to facilitate safe working at height**

Solution **Latchways Fall Arrest Posts**

Product Details **30 Traditional ManSafe® Fall Arrest posts.**

WE KNOW WHAT'S AT STAKE.

About MSA Latchways

Established in 1974, Latchways has become a worldwide leading brand synonymous with engineering strength in fall protection. Maybe it's because we were the very first company to successfully develop and market engineered cable-based fall arrest systems. Or maybe it's because our constant innovations in worker safety at height have improved so many workplaces and lives. One thing is certain: In a global industry with ever evolving demands and ever-changing regulations, the call for fall protection that works with you and your specific needs has never been stronger. That's why, in October 2015, Latchways joined forces with MSA Safety, Inc., a Pennsylvania-based Fortune 500 company with sales and manufacturing operations in more than 140 countries. Together, we bring unprecedented global leadership to protecting workers and satisfying customers around the world.

“

“Latchways has managed to provide us with a well thought out system that allows work to be carried out on all areas of the roof. Easy to use, it gives all the various contractors who use the system a safe and effective system of work. It is unobtrusive and allows the vision of the architect to be realised without ruining the look of the building.”

”

Roy Taylor, Estates Manager,
The Hepworth Gallery, Wakefield

Our Mission

MSA's mission is to see to it that men and women may work in safety and that they, their families and their communities may live in health throughout the world.

MSA: Because every life has a purpose.
