Fall Protection **for Compliance**

Workman®: Quality, Comfort & Value

WE KNOW WHAT'S AT STAKE.

Workman[®] Full-Body Harnesses

Quality, comfort, and value come together in the Workman line of products and provide basic compliance when budgets are slim.

Features and Benefits

- Optimum quality at an economical price
- · Yellow polyester webbing for increased visibility
- Color-contrasting thigh and torso straps simplify donning
- Choice of Qwik-Fit or tongue-buckle leg straps for easy adjustment
- · Web retainer collars keep excess webbing neat
- Includes lanyard keeper for added safety when lanyard leg is not in use
- All Workman Harnesses include load indicators to alert users when the harness has been involved in a fall event

Harness Accessories

MSA Harness Accessories maximize user comfort and allow added comfort to harnesses.

Workman Mini Personal Fall Limiters (PFLs)

The Workman Mini Personal Fall Limiter is the economical option in MSA's line of personal fall limiters for users working at heights. Internal fast-acting cam-lock mechanism offers the most versatile compact self-retracting device on the market, allowing for increased user safety at lower heights. Fall limiter design stops a fall within inches, providing workers the ability to tie off at lower levels below the D-Ring (non-tieback version).

Features

- Internal pawl-lock design provides many lower level tie-off points for numerous work applications (non-tieback versions)
- 6-ft. and 9-ft. retractable lifeline for standard and tie-back models Swivel eye connection eliminates line twisting
- 400-lb. user weight capacity
- Twin-leg carabiner connection keeps harness D-Ring available for use with other equipment while climbing, or for rescue purposes

Durability

Rugged, impact-resistant housing for increased product life

Added Safety

External energy absorber provides visual load indicator for easy inspection

Approvals

•ANSI Z359.14, Class A •CSA Z259.2.2 •OSHA

Workman Energy-Absorbing Lanyards

When a fall hazard is present, use a lightweight, low-profile Workman Energy-Absorbing Lanyard. The energy absorber not only limits force on the body in a fall, but also on the anchor location. The energy-absorber includes a clear, durable protective cover over the labels to increase service life and enable easy inspection.

- Tear-tape design keeps average fall arrest forces below 900 lbs. (4 kN)
- Choice of single- or twin-leg configurations
- Choice of adjustable or tie-back configurations

Workman Rebar Assembly

Designed for work positioning applications such as tying rebar or constructing concrete forms. Meets applicable OSHA regulations and is CSA Z259.11-05 certified.

Rebar Web Assembly, 13" (203 mm) legs, with large sliding snaphook P/N 10072498

Workman Restraint Lanyard

Restraint lanyards are primarily used for travel restriction (to restrain a worker from reaching a fall hazard) and work positioning (stabilizing a worker at an elevated location) applications. Workman Restraint Lanyards meet applicable OSHA regulations and are CSA Z259.11-05 certified.

6-ft. (1.8 m), adjustable, polyester web restraint lanyard with LC snaphooks P/N 505204

Workman FP Stryder Anchorage Connector

2 models available to fit most beam sizes!

- Standard version fits beam flange widths from 4" (102 mm) to 13.5" (343 mm)
- XL version fits beam flange widths from 14" (356 mm) to 23.5" (597 mm)

Features

- Low-friction wear pads with Teflon[®] eliminate metal-tometal contact and allow the FP Stryder Anchorage Connector to glide effortlessly along the beam flange
- Integral load indicator alerts user if the unit has been exposed to a fall
- Versatile design allows for mounting overhead or at worker's feet
- Vernier adjustability enables a secure fit and $\ensuremath{\ensuremath{\ensuremath{\mathcal{H}}}}$ (6.4 mm) adjustment intervals
- Easy to use lever-locking adjustment—no pins to lose!

Workman Self-Retracting Lanyards (SRL)

With lightweight design, durable thermoplastic housing and impactabsorbing bumpers, the Workman SRL is the economical option for tough construction environments.

- RFID-enabled product for simplified product tracking and inspection
- · 400-lb working capacity for increased versatility
- Integral, ergonomic carrying handle for easier transport and installation
- Available with galvanized or stainless steel lifeline to fit your varied applications
- Swivel snaphook with load indicator at lifeline end greatly limits twisting of cable; also alerts users that the Workman SRL has been involved in a fall
- · Available in 30-ft and 50-ft lengths to provide the mobility you need
- Certification to ANSI Z359.14-2012 and CSA Z259.2.2 for compliance
- Meets all OSHA requirements

Workman Confined Space Entry Kits

MSA Tripods make confined space entry with vertical descent easy. The Workman Tripod features an internal leg-locking mechanism, a maximum height indicator on the tripod legs, cut-resistant leg pin retention chains, recessed product labels, a reduced weight and an integral carrying strap. The Workman Tripod can be set up and dismantled without the use of tools.

- Automatic hinge lock legs with incremental adjustment
- Skid-resistant feet
- Meets all OSHA requirements

Complete confined space entry kits are ideal for for multiple confined space applications.

- Enable non-entry rescue of a confined space entrant
- Provide great portability
- Allow lifting and lowering of materials and personnel via the hoist while retaining the ability to use an SRL
