AOSafety Centurion® Splash Goggles With Clear Anti-Fog Lens

- Wide, wrap around lens provides exceptional 'side-to-side' peripheral vision.
- Impact or chemical splash protection.
- Durable polycarbonate lens absorbs 99.9% UV rays.
- Durafon® coated lens resists fogging, static and abrasion.
- Vertical vent system circulates air over lens.
- Fits over most eyeglasses.
- Meets ANSI Z87.1-2003 and CSA-Z94.3 standards.

DESCRIPTION	CODE
Centurion Splash Goggles Clear Anti-Fog Lens	14218

AOSafety 'Splash Gogglegear'

- Splash GoggleGear goes way beyond the standards with a combination of design and performance features not found on any other splash goggles.
- Not bulky like other goggles, Splash GoggleGear has a contoured, low profile design.
- A soft PVC shroud gently hugs the face and has indirect vents to allow cooling air flow and help prevent fogging.
- The exclusive DX™ Anti-Fog Hard Coat resists fogging, scratching, static and most chemicals.
- Meets ANSI Z87.1-2003 and CSA Z94.3 standards.

DESCRIPTION	CODE
AOSafety Splash Gogglegear	14182
Replacement Lens	12716

AOSafety 'Dust Gogglegear'

- Soft foam on adapter seals out particulates, and is comfortable for all day use.
- GoggleGear is designed with 'vent channels' on top and bottom.
- The resulting air flow removes hot, moist air from the inside for more comfort, and it bathes the inside of the lens with cooler air to minimize fogging.
- The patented, contoured lens of Lexa is protected by the proprietary 'DX™' Anti-Fog, Anti-Scratch, Anti-Static, Anti-Chemical attack coating to extend the life of the lens and to minimize fogging.
- Meets ANSI Z87.1-2003 and CSA Z94.3 standards.

DESCRIPTION	CODE
AOSafety Dust Gogglegear	12708
Replacement Lens	12716
