

Your expertise. For the safety solutions of tomorrow.

MSA stands for the development, production and sales of professional safety equipment and gas detection technology: We are „The Safety Company“. We have been developing products that save lives for over 100 years – from innovative harness systems to smart gas detection devices. Customers in 140 countries put their lives in our hands every day. Our more than 4,700 employees in 42 locations worldwide accordingly take on great responsibility. Together we pursue one objective: We make the lives of workers in action safer.

For our team in **Berlin**, Germany, we are looking for a highly skilled and motivated

CNC Machine Setter (f/m)

Your task in our team

- You are in charge of programming and setting up CNC turning machines.
- You ensure quality according to working plans and quality control plans.
- You are responsible for adjusting and correcting machine parameters.
- You take care of maintaining machinery and equipment, following the maintenance plan.

Your profile: Expertise meets experience

- You completed a professional training as a cutting machine operator, or in a similar field.
- You have experience in the CNC field, e.g. in setting up machines and reading CNC programming.
- You have a strong sense of quality.
- You are a team player and you are willing to work in shifts.
- Preferably, you have experience working with INDEX turning- and milling centers G160, G200, C100 and R200 with Siemens control as well as programming skills.

MSA as an employer: What makes us unique

Only with the best employees we are able to remain a leader of innovation. We provide the ideal environment for our employees:

- **Individual career paths:** We offer various development prospects on the basis of personal wishes and talent.
- **Flexible working hours:** Alongside our flexitime model, there is also the option of working from home.
- **Swift decisions:** We combine the stability of an established company with the functioning of a young technology enterprise.
- **Fantastic team:** Benefit from the diversity of your highly qualified colleagues and work with them to further hone your skills!
