Together we pursue one objective: We make the lives of workers in action safer.**

For our team in **Berlin**, Germany, we are looking for a highly skilled and motivated

## Mobile Developer (m/f)

In this position, you are responsible for the implementation of new mobile & cloud based software products according to MSA standards.

Your tasks on our team:

---

- You design and implement mobile & web applications.
- You design and optimize existing processes and tools.
- You verify and test software products.
- You participate in discussions and meetings within the core team and with external teams.

Your profile: Expertise meets experience

---

- You have a Bachelor's Degree in Computer Science, Computer Engineering, Software Engineering or a related field.
- You have profound experience in mobile app development (Android / iOS).
- You have at least 3 years of experience in product development.
- You are fluent in English.
- Preferably, you have experience with cross-platform frameworks/tools for mobile development (Xamarin, React Native), experience with BLE/BT Classic or with web frontend technologies (JS, CSS).
- Ideally, you have experience in working in Agile projects or in test-driven development.

MSA as an employer: What makes us unique

---

Only with the best employees are we able to remain a leader of innovation. We provide the ideal environment for our employees:

- **Excellent facilities:** Our Research & Development team in Berlin works with state-of-the-art IT infrastructure.
- **Individual career paths:** We offer various development prospects on the basis of personal wishes and talent.
- **Flexible working hours:** Alongside our flexitime model, there is also the option of working from home.
- **Swift decisions:** We combine the stability of an established company with the functioning of a young technology enterprise.
- **Fantastic team:** Benefit from the diversity of your highly qualified colleagues and work with them to further hone your skills!
