

MSA IS #1 FOR A REASON

Top
5

reasons customers choose the MSA V-Gard® Hard Hat over any other helmet.

COMFORT

The MSA V-Gard Hard Hat provides superior comfort, stability, and balance through our Fas-Trac® III Suspension. In fact, in a blind study conducted by MSA, the Fas-Trac III Suspension was chosen 92% of the time of the competition.

OPTIONS

Thirteen different styles, 25+ stock color options with the ability to match any custom color requested. Breadth of options address the diversity of today's workforce.

SIZES & SUSPENSIONS

Five different suspension types, three different shell sizes, and three different suspension sizes offering the widest range of fit on the market (6–8 ½"). Our suspensions also feature continuous weave webbing that self-adjusts to the contours of the wearer's head, providing a custom fit.

QUALITY ASSURANCE

Third party and 100% lot tested to meet the latest industry standards. Accessories are also included in the testing to help ensure performance and compliance.

CUSTOMIZATION

30+ years of perfecting our custom pad printing process has ensured the highest logo quality that won't peel, chip or fade. Add a company logo, slogan, 27+ striping options, or personalize with a name, title, project, and more.
