

*Mobility and flexibility are similar important advantages as an orderly storage of the equipment. Besides the large main storage space this new bag provides also various compartments for stowage. Supportive carry options make it easier to transport things with the robust bag.*

## Design Features

- Durable outer layer with stabilizing removable base plate
- Versatile storage options
  - A large inner compartment
  - A wide outer compartment
  - Two smaller doubled side compartments, each with a side net that can be tightened
- Two stretchable straps above the large inner pocket to protect it against accidental opening
- Flexible carrying options
  - With the broad carrying straps (can be coupled via a lockable carrying aid)
  - The long shoulder strap is also removable and adjustable in length, with a non-slip padding

## Technical Data

<b>Size</b>	Width 57cm x Height 30cm x Depth 28cm
<b>Color</b>	Black
<b>Material</b>	Nylon, Plastic, Metal, RoHS conform
