

Buying Guide for V-Gard® Accessory Face Protection Products

Enhanced for improved protection. Redesigned to meet your customers' needs.

Only the V-Gard Accessory System Products are tested and approved as a fully-integrated system to work with MSA protective helmets.

Where to Use?

The V-Gard Accessory System offers products for these markets:

- Construction
- Oil/Gas/Petrochemical
- General manufacturing / Heavy industry
- Forestry
- Railroads
- Steel / Smelting
- Mining

Why Buy V-Gard Accessory System Products?

- 1** Our V-Gard Frames were redesigned by our customers.¹ New features never before available in one frame: debris control, easy visor and frame installation/removal, and compatibility with earmuffs, half-mask respirators and other PPE.
- 2** We've taken the guesswork out of replacement products: All V-Gard Visors work with all V-Gard Frames.^{2,3}
- 3** MSA now offers 35 different, high-quality visors at competitive prices – making repeat purchases even easier.
- 4** One global part number per item! Global companies can offer products that meet global standards—reducing inventory costs, improving turns and increasing efficiency.
- 5** V-Gard Accessories mirror the V-Gard Helmet—the world's best-selling hard hat – in looks and dependability. V-Gard face protection products offer the same high standard of quality as the V-Gard Helmet you already trust.

¹ Desired features based on extensive voice of customer research conducted during the development of V-Gard Accessory System Products.

² MSA recommends the use of debris control on V-Gard frames when wearing both cap-mounted earmuffs and V-Gard molded visors.

³ MSA does not recommend the use of the V-Gard Universal Frame with the MSA Smooth Dome cap when using cap-mounted earmuffs and V-Gard Molded visors. The MSA V-Gard Frame for Slotted Caps can be used for this particular combination.

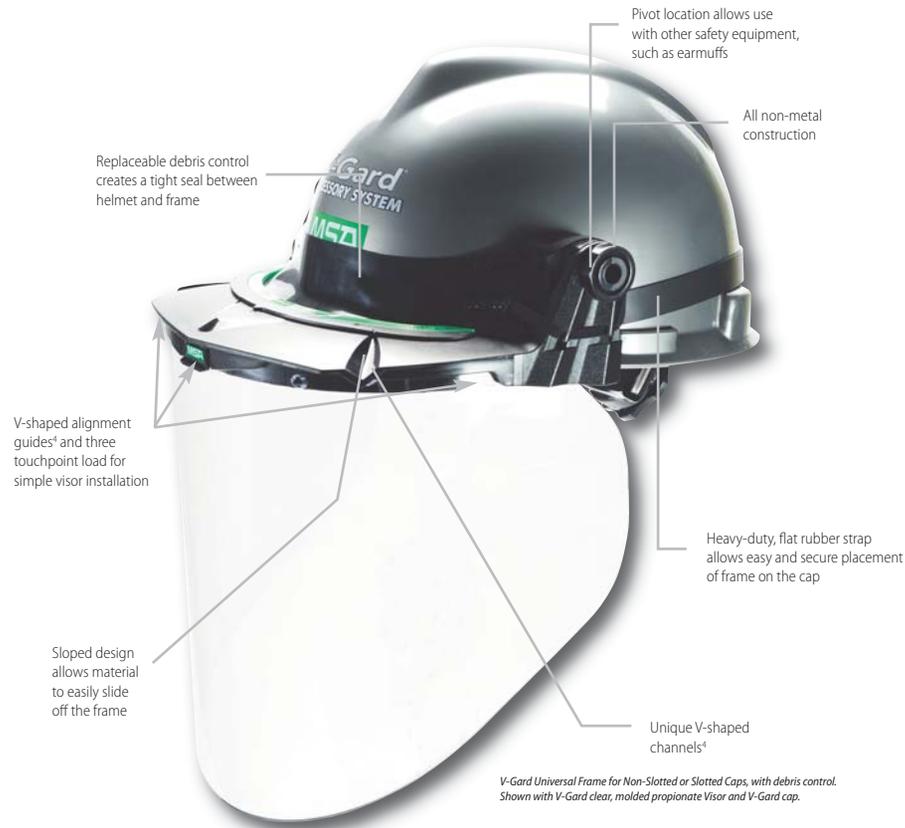

⁴ Patent pending.

V-Gard Frame for Slotted Caps, with debris control. Shown with V-Gard clear polycarbonate visor and MSA left/RIGHT (HIGH), NRR 28 dB) earmuffs and V-Gard cap.
