

V-Gard® GREEN Protective Helmets

The world's first hard hat made from renewable resources

V-Gard GREEN helmets offer the same trusted look and quality customers have come to expect from their MSA V-Gard helmets. The V-Gard GREEN helmets are made with renewable green high-density polyethylene (GHDPE), while the traditional V-Gard helmets are made through standard HDPE production methods. The test results for V-Gard GREEN helmet shells indicated a biobased content of 95%.
