MSA Workman® Self-Retracting Lanyard

With lightweight design, durable thermoplastic housing and impact-absorbing bumpers, the Workman SRL is not only accepted by users, but also provides years of dependable service. The Workman SRL features:

- RFID-enabled product for simplified product tracking and inspection.
 - 400-lb working capacity for increased versatility.
- Integral, ergonomic carrying handle for easier transport and installation.
- Available with galvanized or stainless steel lifeline to fit your varied applications.
- Swivel snaphook with load indicator at lifeline end greatly limits twisting of cable; also alerts users that the Workman SRL has been involved in a fall.
- Available in 30- and 50-ft lengths to provide the mobility you need.
 - Certification to A10.32, ANSI Z359.14 2012 and CSA Z259.2.2 for compliance and peace of mind. Meets all OSHA requirements.

MSA Workman® Self-Retracting Lanyard Features and Benefits
