

# Workman<sup>®</sup> Tripod

Features & Benefits

	Features	Benefits
<b>EASY TO USE</b>	<b>Simple setup</b>	Saves time and promotes correct usage
	<b>Maximum height line on tripod legs</b>	Maximum height line allows for quick and easy setup to maximum tripod height without need to count holes
	<b>Legs automatically lock in open position</b>	Easy setup and added safety
	<b>Exclusive integral bracket uses existing tripod pin</b>	Fewer attachment pieces enable faster setup
	<b>Telescoping legs (up to 8 ft. high)</b>	Allow for compact storage and height adjustment for many applications
	<b>Anodized aluminum legs and aluminum head</b>	Reduces weight for greater portability
	<b>Accessories can attach to any leg</b>	Simplifies setup and improves ease of use
<b>DURABLE</b>	<b>Entry/retrieval equipment attached on outside of tripod legs</b>	Provides optimal clearances inside/under tripod to prevent interference with workers entering/exiting confined space
	<b>Internal leg-locking mechanism (head)</b>	Prevents leg collapse if tripod is moved during use
	<b>Cut-resistant pin retention chains</b>	Increased service life and improved durability
<b>VERSATILE</b>	<b>Skid-resistant feet with integral leg base support strap</b>	Improved stability and strength of entire system
	<b>Leg base support strap converts to convenient carrying strap</b>	Provides easy way to carry tripod to and from jobs
	<b>Legs feature 4-inch incremental adjustments to improve tripod stability when used on uneven surfaces</b>	Easy setup and independent leg adjustment to meet special application needs

Note: This Bulletin contains only a general description of the products shown. While uses and performance capabilities are described, under no circumstances shall the products be used by untrained or unqualified individuals and not until the product instructions including any warnings or cautions provided have been thoroughly read and understood. Only they contain the complete and detailed information concerning proper use and care of these products.
