

Make a Baby Towel Cake

INGREDIENTS

- 2 baby bath towels
- 8 baby washcloths
- 1 small bath sponge
- 1 travel size JOHNSONS® BABY BEDTIME® bath
- 1 travel size JOHNSONS® BABY BEDTIME® lotion
- 1 travel size JOHNSONS® Baby Shampoo
- 1 small rubber bath ducky
- tulle or ribbon
- 3 rubber bands
- double-sided tape
- cellophane gift wrap

DIRECTIONS

1) **BOTTOM LAYER:** Lay out 2 hooded baby bath towels on a flat surface, short sides facing you. Take 1 towel and holding the hooded edge of the short side, fold the towel up 1/4 of the length away from you. Take the other short side of same towel and fold it 1/4 of the length towards you.

2) Fold each edge inward again so the edges meet in the middle.

3) Smooth out wrinkles. Now fold in half along the center seam you have created. Repeat with the 2nd towel.

4) Stack the 2nd folded towel on top of the first. Roll both towels into a small, tight roll, smoothing as you go. Place a rubber band around the middle of the roll and place towel seam in the back so the front is flat. Wrap a ribbon or tulle loosely around the bottom cake layer, covering the rubber band, leaving enough length that will later be used to attach products and make a bow. Knot in the center front.

Make a Baby Towel Cake

DIRECTIONS (cont.)

5) MIDDLE LAYER: To make the middle layer, fold 6 washcloths in thirds. Lay 1 folded cloth on top of the next leaving 1-2" from edge. Repeat until you have a stack. Roll, secure with a rubberband and wrap with ribbon as in Step 4.

6) TOP LAYER: To make the top layer, repeat the same steps again with the 2 remaining washcloths.

7) The towel layers will look like this once they are tied with ribbon or tulle around them.

8) Stack the layers on top of each other to form a 3 layered cake. Place a piece of double sided tape on top of the bottom layer and secure the middle layer to it. Do the same for the top layer.

9) Now you are ready to decorate. For the bottom layer, take a bath sponge and tie the tulle or ribbon around it into a bow to secure the sponge in place. On each side of the sponge, slip a travel size product inside the tulle or ribbon. For the middle layer, take another travel size product and tie the tulle or ribbon around it into a bow to secure. Use a piece of double-sided tape to attach a rubber duck to the top of the cake. Wrap the entire cake in cellophane, and tie the top with tulle or ribbon to form a bow.
