

Make a Baby Towel Cake

INGREDIENTS

- 2 baby bath towels
- 8 baby washcloths
- 1 small bath sponge
- 1 travel size JOHNSONS® BABY BEDTIME® bath
- 1 travel size JOHNSONS® BABY BEDTIME® lotion
- 1 travel size JOHNSONS® Baby Shampoo
- 1 small rubber bath ducky
- tulle or ribbon
- 3 rubber bands
- double-sided tape
- cellophane gift wrap

DIRECTIONS

1) **BOTTOM LAYER:** Lay out 2 hooded baby bath towels on a flat surface, short sides facing you. Take 1 towel and holding the hooded edge of the short side, fold the towel up 1/4 of the length away from you. Take the other short side of same towel and fold it 1/4 of the length towards you.

2) Fold each edge inward again so the edges meet in the middle.

3) Smooth out wrinkles. Now fold in half along the center seam you have created. Repeat with the 2nd towel.

4) Stack the 2nd folded towel on top of the first. Roll both towels into a small, tight roll, smoothing as you go. Place a rubber band around the middle of the roll and place towel seam in the back so the front is flat. Wrap a ribbon or tulle loosely around the bottom cake layer, covering the rubber band, leaving enough length that will later be used to attach products and make a bow. Knot in the center front.
