

Oil

Light Duty

High performance grip and oil repellence

- Multi-layer coating provides high abrasion resistance and increases wear life
- Ergonomic, natural fit along with superior dry and oil grip for high productivity
- Durable material is machine launderable for extended life and reduced replacement costs

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Assembly & inspection of components
- Production line support & maintenance
- Seizing structural parts
- Fabricating metal parts, glass sheets
- Applying finish to materials, products

Key Features

- HyFlex® 11-920 glove provide high performance grip and oil repellence when working in oily environments
- ANSELL GRIP™ Technology contains microscopic channels in the glove coating to displace oil, resulting for a more secure grip when handling oily parts
- RIPEL™ Liquid Repellence Technology creates a liquid impermeable layer to prevents oil or lubricant from making contact with the wearer's skin, enhancing hand health
- Seamless knit design provide an outstanding fit, comfort and dexterity to maximize all-day productivity
- Also available in vend pack
