

# PENNZOIL PLATINUM<sup>®</sup> HIGH MILEAGE 5W-30

FULL SYNTHETIC MOTOR OIL WITH PUREPLUS<sup>™</sup> TECHNOLOGY

## TECHNICAL DATA SHEET

Pennzoil Platinum<sup>®</sup> High Mileage with PurePlus<sup>™</sup> Technology is a first of its kind full synthetic high mileage motor oil made from natural gas and designed to deliver less oil burn off than other High Mileage Oils.<sup>1</sup>

<sup>1</sup> Based on a ASTM D5800 volatility test using SAE 5W-20

### PERFORMANCE, FEATURES & BENEFITS

PurePlus<sup>™</sup> Technology is our patented, revolutionary gas-to-liquid process which converts natural gas into a base oil with lower friction, better low temperature properties and greater stability than conventional motor oil made from crude. Because our base oil is made from natural gas, it is crystal clear with fewer of the impurities found in crude oil, the start for many other traditional and synthetic motor oils. From that pure, clear base we add our high performance additives to create Pennzoil Platinum<sup>®</sup> High Mileage with PurePlus<sup>™</sup> Technology, motor oil designed for COMPLETE PROTECTION, without compromise:

#### CONDITIONS SEALS ON OLDER ENGINES

Helps reduce leaks and oil consumption

#### CLEANER PISTONS<sup>1</sup>

Keeps pistons up to 40% cleaner than the toughest industry standards<sup>1</sup>

#### PROTECTS HORSEPOWER

Helps protect loss of horsepower

#### UNSURPASSED WEAR PROTECTION<sup>2</sup>

No other leading high mileage motor oil provides better protection from friction<sup>2</sup>

#### EXCELLENT PERFORMANCE IN EXTREME TEMPERATURES

Provides faster low temperature oil flow and protects in extreme heat

<sup>1</sup> Based on Sequence IIIG piston deposit test using SAE 5W-30

<sup>2</sup> Based on Sequence IVA wear test using SAE 5W-30
