

# AIRPOWER LINES - All-in-One Connection Solution

TECTRAN invented the AirPower Line to optimize the performance of straight tractor-trailer connection lines. The All-in-One design prevents lines from snagging during turns, tangling, and being damaged by abrasion and impact. Fully factory assembled in the USA and loaded with features, The Original AirPower Line organizes your connections into a clean and easy to use assembly that installs in minutes.

Available in 3-In-One and 4-In-One Configurations
