

INTRODUCING NEW E-COAT HUB BEARINGS

Why NAPA E-Coat Is “BETTER” Than Other Competitors

- OEM process electrodeposition coating (E Coat), which provides superior rust & corrosion protection passing 240 hr salt spray test
- Protocol Steel™ offers extended performance and superior fatigue life
- High Quality Chevron BP-2 grease for all precision components
- OEM Integrated ABS Connectors for long life and durability
- Triple-lip seal design
- Orbital formed design on applicable parts for easy installation & improved pre-load condition to avoid over-torque
- Meet or exceed OE fit, function and performance
- 372 skus, ~93% coverage on Passenger / Light Duty Trucks
- 3 years / 36,000 mile warranty

Orbital formed design

Premium triple-lip seal design

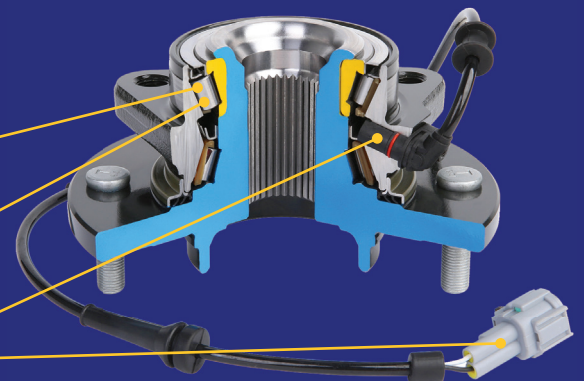

Electrodeposition coated

OEM lug studs

Precision Roller Components

Single and double row
bearings - ball & taper roller
matching oe design

OEM Integrated ABS Connectors
for long life and durability

NAPA®

E-Coat Technology With Additional
Enhancements

SKF

OE Life Expectancy; Up To 4x Longer Life
(100k Miles)

Features

- Enhanced grade seals & grease
- Orbital formed finish
- Chrome infused rolling components
- Full copper ABS wires

- OEM process electrodeposition coating
- OEM High quality grease - Chevron BP-2 matching OEM
- Copper wire - Abrasion resistance ABS cord - matching OEM design
- Protocol Steel™
- Triple-lip seal design
- Premium Packaging

- Heat Treated high carbon steel & anti-corrosion coating
- SKF GHG grease
- ABS sensor
- Precision roll assembly

Function

- Proper sealing & bearing lubrication
- Orbital forming applies exact preload for easy installation

- Meet or exceed OE fit, function and performance
- Protocol grade steel offering enhanced purity
- OEM 3rd Party Tested

- Provides superior strength
- Reduces friction
- OE design
- Provides precision bearing preload & overall strength

Benefits

- Prevents water & road debris intrusion
- Smooth quiet, long running bearings
- No hassle installation

- Meet or exceed OE fit function and performance
- Superior rust & corrosion protection passing 240 hour salt spray testing
- Protocol Steel™ offers extended performance and superior fatigue life
- Extended warranty

- Prevents dangerous wheel-off conditions, extends service life, adds protection & simplifies disassembly
- Exclusive patented formula improves performance by minimizing friction
- Assures correct brake response & performance
- Secure clamping to the CV joint & knuckle for increased safety
