

AVAILABLE

TURBO POWER® Air Brake Antifreeze has been formulated to absorb condensation and ensure complete protection against frozen air lines on trucks, buses, and construction equipment. Anti-corrosive agents protect steel, rubber and brake line parts. It also contains a lubricant to minimize wear. Use year-round for extra safety and protection.

**TURBO
POWER®**

Air Brake Antifreeze

Helps guard the brake lines from freeze-ups and reduces brake failure.

- Prevents frozen air lines during winter temperatures
- Absorbs condensation within air brake systems
- Lubricates valves and seals to minimize wear
