

Discover the abundance of life in Christ.

Gospel doctrine creates gospel culture. Our churches and small groups should be known for real friendship, openness, confession, and vulnerability, but few of us find this kind of community. Join us for this six-session Bible study and equip your group to press the gospel into every aspect of life—to renew and deepen your love for Christ and each other, to embody the welcoming character of Jesus, to celebrate Christ in others, and to find true fellowship.
