

It's not a sermon. It's THE sermon.

The Sermon on the Mount fills three entire chapters in the book of Matthew. And 98 percent of it is written in red letters—the words of Jesus. Imagine sitting at His feet as He spoke about the Lord's Prayer, the Beatitudes, and much of His most well-known and cherished teaching. Now imagine studying that wisdom for a full six weeks, immersing yourself in His timeless message so you can start living like you're in the kingdom of heaven now.
