
HEY, MOM!

We are so excited that you have decided to complete this study with your daughter. Kristi McLelland is going to walk you through a historical and biblical understanding of Jesus's relationship with women. We believe this will not only enrich your daughter's trust in the Lord, but we know it will strengthen your own love for Him, as well. What a beautiful thing for you to do together!

YOU WILL NEED

VIDEO CONTENT

While the women's study of *Jesus and Women* includes video content of its own, we strongly encourage you to use the teen girl video bundle to go through this study with your daughter (purchased separately). These videos are teachings that Kristi adapted from the women's videos, but are shortened (approx. 15 minutes each) and designed to intentionally relate to the experiences of teen girls. The shorter videos allow for more discussion time, which can be found under *Yeshiva* in the teen girls Bible study book.

The videos included with the Women's Bible study book can still be viewed for your personal study. They will only strengthen the time you spend in the *Feast* and *Yeshiva* sections with your daughter.

PLEASE NOTE: *Jesus and Women: Teen Girls* is broken down into eight sessions, whereas there are only seven sessions in the *Jesus and Women* adult study. Due to the importance and the length of the content in Session One of the women's version, we decided it would be better to split this content into the first two sessions for teen girls.

STUDY

As you get started, use the content found in the *Feast* and *Yeshiva* sections of the teen girls' Bible study book for Session One. Personal Study will begin after you meet for Session Two.

As you both work through your individual Bible study books, you will discover that the teen girls' version might be slightly different, as we altered some language and content to be more applicable for teen girls. However, there are very few differences in the studies, and we encourage you to discuss what the Lord is teaching you individually.

CONNECT WITH HER

Plan days to work on Personal Study together to keep each other accountable. Be open with your daughter throughout the week about things you learn or have questions about. Provide a safe place for her to do the same. Don't stress! Accomplishing the Personal Study will be easier on some weeks than on others. Just keep pressing forward and making it a priority to meet

together each week, regardless of how much personal study work was actually done.
