When We Pray

Read pages 31-32 of *Saddle Up* and discuss implications of your assigned statement regarding prayer in and through a Sunday School class or group.

- “When we pray, regardless of what we pray for, we are implicitly recognizing that we are incapable of creating real change in our lives or in the lives of others.”
- “When we pray, we give testimony that we believe God to be all powerful and willing to help us, for we are needy.”
- “When we pray, we must pray specifically; then we are pursuing an ever-deepening sense of community with those under our care.”
- “When we pray, we should be bringing our groups along with us to the same posture.”
