

# KIDS MINISTRY

FROM

## ANYWHERE

### IN PERSON

Do Kids Ministry the traditional way -- Studying the Bible together in person at church, using all the components of trustworthy curriculum and making the most of your regular relational touchpoints.

### INBOX

Email activity pages, coloring pages, craft ideas and discussion questions to parents at home. Help parents understand the importance of staying on track with your wise discipleship plan with regular communication.

### MAILBOX

Create teaching packs for your kids that include activity pages, coloring pages, craft ideas and discussion questions. These can be mailed (kids love mail!) or picked up at the church.

### ONLINE

Conduct virtual Bible studies online using social platforms, digital curriculum components and your own media.

### THROUGH AN APP

Connect kids and families to your curriculum's Bible study content, key verses and games using the LifeWay Kids app
